## **CR-05 - Goals and Outcomes**

### **Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)**

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

By Federal mandate for receiving Federal Funds under the Community Development Block Grant (CDBG), HOME Investments Partnership (HOME), Emergency Solutions Grant (ESG) and Housing Opportunities for Persons With AIDS (HOPWA) formula grants, the City must prepare and submit to the U.S. Department of Housing and Urban Development (HUD) a Five Year Consolidated Plan (Con Plan or Strategic Plan) and follow up with Annual Action Plans (AAP) for housing and community development activities carried out or managed by the City each year of the Plan.

As grantee of these Federal Funds, the City of Oakland is also required to prepare and submit a Consolidated Annual Performance & Evaluation Report (CAPER) that identifies funds received and assesses progress in meeting the goals outlined in the latest AAP.

The City of Oakland's 2019/20 CAPER demonstrates activities performed or managed by the City during Fiscal Year 2019/20 (FY 2019/20) from July 1, 2019 through June 30, 2020 to support local affordable housing, HIV/AIDS housing, homeless services and shelter, rapid rehousing, economic development activities, public services, infrastructure improvements, public facility improvements, and other community development goals and outcomes set forth in the City of Oakland's 2019/20 AAP and the 2015/16-2019/20 Five-Year Consolidated Plan.

Over 90% of CDBG funds expended throughout FY 2019/20 benefitted low-and moderate-income households and neighborhoods through housing and non-housing activities including, but not limited to homeless services, community developments programs and services, public facilities, infrastructure improvements, housing rehabilitation, economic development activities, relocation assistance, anti-displacement and other activities promoting suitable living environments, economic opportunities, and decent housing.

Under the CDBG, HOME, HOPWA and ESG programs, over 8,700 beneficiaries received services or benefitted from completed projects included in this CAPER. Approximately 3,500 residents benefitted from projects that remain in progress as of the June 30, 2020 program year end. In addition, several public facility/public infrastructure capital improvement projects reported as low- and moderate-income area (LMA) benefit, not requiring collection of beneficiary demographics.

During the program year, the Coronavirus (COVID19) impacted the City of Oakland, its programs, service providers and the community at large. During Shelter In Place (SIP) orders, with the assistance of the United States Housing & Urban Development Department/Community Planning and Development, the City of Oakland successfully amended it's 2019/20 Annual Action Plan to apply for, receive, and allocate Coronavirus Aid, Relief, and Economic Security (CARES Act)

funds under CDBG, HOPWA and ESG programs in preparation for, prevention of, and response the local impacts of COVID19.

**Table 1 - Accomplishments – Program Year & Strategic Plan to Date**

**Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.**

Priority objectives as set forth in the City of Oakland 2019/20 Annual Action Plan (AAP) target \$13,964,586 in CDBG, HOME, HOPWA and ESG funds along with other match and leverage funds to support the following activities:

1. Accessibility, availability and sustainability for creating suitable living environments.
2. Accessibility, availability and sustainability for providing decent affordable housing.
3. Accessibility and sustainability for economic opportunities.
4. Accessibility, availability and sustainability for public services to low – moderate income residents.
5. Rapid re-housing and other assistance to decrease episodes of homeless; and
6. AIDS housing and services for people living with AIDS and their families.

With a 47% jump in Oakland’s homeless population from 2,761 in 2017 to 4,071 in 2019, Homeless Solutions and Affordable Housing remain as high priority goals. Per the 2019 Homeless Count, only 861 of the 4,071 were sheltered in Oakland and 3,210 were unsheltered. The 2019 increase in homeless placed city's per capita homeless rate higher than neighboring San Francisco and Berkeley and came at a time when several West Coast cities were struggling with a homeless crisis driven by rising rents, drug addiction, mental illness and pushback from progressives.

Affordable Housing and homeless solutions objectives remained as priority for the City of Oakland for FY 2019/20 with fifty-four percent (54%) of the 4,071 homeless population having been homeless for a year or more. Per the 2019 Alameda County Everyone Home Homeless Count report, thirty-five percent (35%) of Oakland homeless could have prevented homelessness with rent assistance, 32% with benefits income, 19% with alcohol/drug counseling and 22% with mental health services.<sup>1</sup>

For the 2019/20 program year, City of Oakland programs funded through CDBG, HOME, HOPWA, ESG, match and leveraging funds achieved the following:

**Hunger & Homeless Solutions**

Through the City’s Community Housing Services Programs over 177 homeless exited into permanent or transitional housing, 1,399 households received rapid rehousing assistance; more than 548 received overnight shelter; 13 units of HIV/AIDS housing were added; 222 people living with HIV/AIDS (PLWA) received Short Term Rental Mortgage Utility (STRMU) and other subsidy assistance; 27 PLWA received permanent housing placements. Supportive Housing and services were provided to 440 family and single households. Approximately 5,500 received food services (hot meals and brown bag food distributions) under the Hunger Program.

Permanent Access To Housing (PATH) program provided rapid rehousing subsidies were provided to 1399 households.

A total of 548 unduplicated individuals utilized the Crossroads shelter during FY 19/20, with 103 households exiting to permanent housing, and 14 to transitional housing. CDBG funds assisted East Oakland Community Project in fully acquiring the Crossroads Emergency and Transitional Housing facility.

Under the Supportive Housing Program Approximately 90 family households and 350 single households received rapid rehousing and/or interim housing. Of the 440 single and family households, 216 households exited the program to permanent housing.

The street outreach team distributed approximately 26,269 units of harm reduction supplies including food, water, blankets, fire extinguishers, flashlights, socks, etc. Outreach provided street-based services to 779 unduplicated, unsheltered persons living in homeless encampments and in their vehicles throughout the City of Oakland and successfully exited 60 individuals to positive housing destinations including permanent housing, transitional housing, shelters, and respite.

CDBG matched Measure KK funding to acquire the Hayes Street Transitional Housing facility (2-bedroom facility), maintaining the inventory of transitional housing in Oakland. Hayes Street Transitional Housing facility operated by Diamond in the Ruff served 15 women and children in FY 2019/20.

### **Affordable Housing**

In FY 2019/20 City of Oakland acquired 7 units of affordable housing; completed construction of 152 units, started construction of 114 units, completed predevelopment or committed financing for 115 units of affordable housing through the following projects:

Closed loan with Bay Area Community Land Trust for the acquisition and rehabilitation of a 6-7-unit affordable rental housing project.

Completed new construction of 87-unit family affordable rental housing at the Estrella Vista site. This site is fully occupied.

A Notice of Completion of (supported by a final Certificate of Occupancy) was recorded in August 2019 for Redwood Hill Townhomes, a 28-unit affordable housing rental for families. The building is now operating fully occupied.

A Notice of Completion of (supported by a final Certificate of Occupancy) was recorded in December 2019 for Camino 23, a 37-unit family affordable housing project.

For Brooklyn Basin, predevelopment activities started for Foon Lok East (Parcel A), which includes the remaining 124 planned affordable units for Parcel A, with a scheduled construction start of July 2020.

Committed 100% of project financing for 91 units of affordable housing at Lakehouse Commons.is committed.

Started new construction started for 51-units of low- income individual and small family affordable rental housing at 3298 San Pablo.

Closed financing and started construction of Coliseum Place, a 59-affordable rental housing unit for extremely low and very low-income families and a 57-unit multi-family residential affordable housing at the Nova Apartment unit.

For 657 W. MacArthur project, started construction of 44-unit of permanent supportive affordable housing project.

Under the First Time Home buyers program assisted 10 households with Mortgage Assistance Program deferred loans; provided homebuyer education to 919 attendees and issued 408 certificates of completion through February 2020. Collaborated with an HCA to provide HUD-certified education at 1 of 10 class sessions.

### **Oakland Housing Authority**

While maintaining current public housing inventory and an extremely high occupancy rate of over 98% throughout the program year, Oakland Housing Authority completed the acquisition of the Oak Groves site and began rehabilitation of 151 units at this site.

Construction of the 66-unit Emperyan Tower was completed and leasing began during the program year.

Several other projects experienced delays due to the Coronavirus (COVID19). Completion dates have been extended, with work reconvening on many of the construction and rehabilitation projects this past June 2020.

### **Housing Rehabilitation and Neighborhood Improvement**

#### **RESIDENTIAL LENDING AND REHABILITATION**

Preservation of Existing Affordable Owner-Occupied Housing and Improvement of Existing Housing Stock objectives were addressed through the City's Residential Lending and Rehabilitation Program, completing 59 rehabilitation projects under the following programs:

- **The Home Maintenance and Improvement Program (HMIP)** provides loans to owner-occupied low-income households to correct health and safety violations. The program

benefits homeowners by facilitating the remediation of housing code violations, energy efficiency improvements, seismic safety improvements and deferred maintenance of essential housing systems. The program completed rehabilitation of **5** owner-occupied housing units. Currently there are **10** projects under construction and **19** are assigned to Rehabilitation staff and are in the project design, bidding and loan approval stages.

- **The Lead Safe Hazard Paint Program (LSHP)** provides grants to very low-income homeowners with children under age 6 living or frequently visiting. The remediation of **3** households were completed. **6** projects are in process and an additional **16** lead inspections have been completed for projects in the pipeline and are pending remediation.
- **The Access Improvement Program (AIP)** provides grants for accessibility modifications to both owner-occupied and rental properties. The program completed **3** units, there are **6** units under construction and additional **14** units are assigned to Rehabilitation staff for either project design, bidding and/or loan approval.
- **The Alameda County Minor Home Repair Program (MHRP)** provides grants to make minor plumbing, carpentry, electrical repairs and can be used for railings, grab bars, toilets, water heaters, doors, locks and more. The program completed repairs in **47** housing units.
- **The Emergency Home Repair Program (EHRP)** provides loans for home repairs that require immediate attention, such as emergency violations (issued by a Fire Marshall, Health Officer or Code Enforcement Officer), leaking roof or sewer. Presently **1** project is under construction and **5** units are assigned to Rehabilitation. There are **11** currently in the pipeline.

As of June 2020, **52** requests have been received from homeowners interested in applying to the program for assistance. Additionally, there is **66** applications in various stages of review, underwriting or loan closing.

### **Relocation & Anti Displacement**

Housing Resource Center staff carried out information and referral services and limited case management to low- and moderate-income individuals and households to enable them to stay in their homes and prevent displacement and homelessness. The program provided information and referral services to 292 clients in 2019/20.

Staff also managed the City's anti-displacement program Oakland Housing Secure.

The Relocation Program provided 72 clients with information and assistance under the Code Compliance Relocation Program (CCRP) to ensure they were aware of their rights and responsibilities under this law.

## **Economic Development**

Oakland Economic Workforce Development (EWD) department prioritized efforts targeted communities of need in low census tracts in east and west Oakland. The Business Development program focused on language and cultural competency barriers for future program years and objectives. With CDBG and other funding made available EWD exceeded the goal of assisting 50 businesses with technical assistance, serving approximately 153 businesses in low- to moderate-income areas of Oakland. More than 3,000 residents benefit from the businesses assisted.

Through the Bus Rapid Transit/Business Assistance Fund program provided direct financial assistance to four businesses along the International Boulevard Corridor using CDBG funds. These businesses are in the low-moderate-income areas of Oakland, benefitting residents primarily in the East Oakland, Fruitvale, Eastlake, and Downtown areas along the BRT.

Other Economic Development efforts administered by Main Street Launch, OCCUR, and Construction Resource Center resulted in over sixty-five businesses assisted with 23 loans up to \$250,000 for a total of \$2.3 million; 21 businesses assisted with business planning and development; and 21 construction workers received trade classes, eLearning courses and other assistance to increase the efficiency and competitiveness of small construction businesses and trades persons.

Updated online business directory for 1,452 businesses in East Oakland, provided micro-enterprise technical assistance through OCCUR.

## **Community Development (CD) District Recommended Activities (CDBG Funding) for Public Services and Infrastructure Improvements**

In keeping with the goals established by the Oakland City Council and the Five-Year Consolidated Plan, the City of Oakland allocated approximately \$1.6 million of the \$7.5 million FY 2019/20 CDBG allocation, with some carry-forward funds for CDBG-eligible activities based on recommendations submitted by the City's seven Community Development (CD) District Boards under the 2019/20 CDBG Request for Proposal (RFP) process.

Eight public facility and infrastructure projects were completed, with six projects underway, particularly due to COVID19. These projects are estimated to be completed by December 30, 2020.

Economic development activities funded by CDBG under the CD District recommended allocations served 1,452 businesses and construction workers with technical assistance, training, business development, loan services and free online business directory listings.

Fifteen non-profit agencies were funded under the CDBG RFP for public services and housing services serving more than 594 low- to moderate-income residents in Oakland.

In addition to the projects recommended for CDBG funding by the CD District Boards, other completed CDBG-funded activities benefited over 6,819 low- and moderate-income residents of Oakland. Projects that remain “in progress” as of June 30, 2020 are estimated to benefit approximately 3,543 once completed

## Narrative

### Leveraging

**Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.**

In FY 19/20 The City was successful in leveraging other housing funds in conjunction with Federal grant funds to assist development of affordable housing. Various levels of development of affordable housing were underway during the FY 2019/20 (see attached Affordable Housing Table). Federal funds leveraged affordable housing resources including but not limited to Low/Moderate Program Income, Low- and moderate-Income Housing Asset Funds, Measure KK Bond funds, Affordable Housing Impact Fees, Redevelopment Agency Affordable Housing Set Aside, and Non-Housing Redevelopment Funds.

2019/20 CDBG funds were leveraged with a budget of \$850,000 in Revolving Loan Program Income (RLPI). Said RLPI funds were generated and disbursed through fees and interest collected under Oakland's Residential Lending/Rehabilitation programs.

Community Housing Services was successful in leveraging homelessness funds in conjunction with ESG, CDBG and HOPWA Federal grant funds. The City's General Fund provided \$1.9M for homelessness programs including Rapid Rehousing, Outreach, Winter Shelter, Services in Permanent Supportive Housing, and Encampment Response. HUD Continuum of Care funds provided over \$5 Million for Interim/Transitional Housing for singles, families, and youth, and Rapid Rehousing for Families, and Youth. Nearby cities contributed funding to specific shared efforts including Emeryville (\$15,000 for winter shelter and \$25,000 for Coordinated Entry for families) and Berkeley (\$28,000 for Coordinated Entry for families). County General Funds provided \$573,000 for winter shelter, rapid rehousing, and flexible funds and additional County funds provided \$5.3 million for the development and operation of a Coordinated Entry System in Oakland including Housing Resource Centers, street outreach, housing navigation, and tenancy sustaining services. The Oakland Housing Authority provided \$1.9 million for housing subsidies for homeless individuals from encampments and with severe mental health needs. Lastly, the City received approximately \$11.7 Million dollars from state Homeless Emergency Assistance Program (HEAP) funding (\$8.6 Million directly to the City and \$3.1 Million through the County) to address unsheltered homelessness over three years. Approximately \$8 Million of these funds were expended in FY 19-20.

In FY 19/20 the dollar for dollar match requirements for ESG were fully met through the City's General-Purpose Fund allocations.

Match requirements (for operations and support services) for Supportive Housing Program grants received by the City under the Alameda County Continuum of Care were met through funds allocated to the HUD CoC program from the City's General Purpose Funds, Alameda County funds, tenant rents, and the lease value of the Henry Robinson Multi Service Center.

There are no match requirements for HOPWA. HOPWA funds were leveraged by funds secured by each perspective County (Alameda County and Contra Costa County). Please see the attached HOPWA 2019/20 CAPER for further detail.

**Discuss the difference between goals and outcomes and problems encountered in meeting these goals.**

**Residential Lending/Rehabilitation Services**

As of June 2020, Residential Lending/Rehabilitation has 122 projects in the pipeline in need of funding of which 54 are conditionally approved. There are 3 Rehabilitation Advisors and 1 Project Manager on staff. The department has purchased software to track progress and milestones for active projects. The department is also exploring loan servicing software to expedite and increase the flow of processing applications, underwriting and payment processing. The totals of completed rehabilitation projects are expected to increase in the coming year

**HOME**

The figures in Tables 11 and 12 reflect the completion of newly constructed affordable housing units and affordable units acquired through the Acquisition and Conversion to Affordable Housing (ACAH) Program. The City of Oakland exceeded the goals for the production of new affordable housing units. Five affordable housing projects completed in FY 2019/20, including Fruitvale Transit Village IIA, Redwood Hill Townhomes, Camera 23, Estrella Vista and Embark

Apartments. The ACAH projects that completed (via closing its financing) are OakCLT Scattered Site and 1432 12<sup>th</sup> Avenue. We did not meet our goal for the rehab of existing units; those units are still in construction (construction is taking longer than anticipated).

**Rental Assistance**

Outcomes for the City’s Rapid Re-Housing (RRH) STRMU program, HOPWA STRMU and Code Enforcement Relocation program are included in rent assistance beneficiary total. RRH provided almost 1,400 units of assistance.

**Special Needs Housing**

HOME projects with special needs units, HOPWA units completed, and acquisition of a transitional housing unit during the program year attribute to the success of number of special needs households provided with affordable housing for this population.

**Discuss how these outcomes will impact future annual action plans.**

**RESIDENTIAL LENDING SERVICES**

In the future, the Residential Lending/Rehabilitation Services unit will be able to assist more homeowners with home rehabilitation, access improvements and lead-based paint hazards.

**HOME**

City staff carefully tracks affordable housing outcomes and will evaluate its goals based on the progress outlined in this CAPER.

## **CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)**

**Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:**

**Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs**

**Addressing the emergency shelter and transitional housing needs of homeless persons**

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again.

The City's Homeless Mobile Outreach Program (HMOP) prioritizes unsheltered individuals living in encampments. HMOP is a street-based intervention designed to assess individuals living in encampments to direct them to housing options and health and human services.

In FY 19/20 the Covid-19 pandemic significantly impacted outreach efforts and work focus including but not limited to increasing on the concentration on Covid-19 wellness checks, education on Covid-19 Safety and supply distribution, coordination with Street Medicine Teams, special assignments for relocating the most vulnerable, as well as reduced fieldwork hours. In total, the HMOP team distributed approximately 26,269 units of harm reduction were distributed including but not limited to: food, water, blankets, fire extinguishers, flashlights, socks, etc. and more than 6,000 duplicated outreach and intensive case management efforts were provided to 779 unduplicated, unsheltered persons living in homeless encampments and in their vehicles throughout the City of Oakland. Throughout FY19/20 HMOP successfully exited 60 individuals to positive housing destinations including permanent housing, transitional housing, shelters, and respite.

## Addressing the emergency shelter and transitional housing needs of homeless persons

In FY 19/20, the City of Oakland continued to work with homeless shelters and transitional housing programs. Crossroads Shelter, funded by ESG and CDBG, was also significantly impacted by the Covid-19 Pandemic. Although there was no interruption to the shelter being open 365 days per year, maximum occupancy was reduced by 26 beds to accommodate CDC guidelines for physical distancing/decompression. In addition, service providers coming into the shelter was stopped altogether to reduce infection risk and spread. The shelter maximum occupancy went from 125 single adults, and 5 family units (serving up to 10 families), to a single bed maximum of 99 and a family maximum of 5 households. A total of 548 unduplicated individuals utilized the Crossroads shelter during FY 19/20, with 103 households exited to Permanent Housing, and 14 to Transitional Housing.

Due to the total bed-night available bed changes related to occupancy is listed below:

<b>EOCP Crossroads - FY 19-20 Occupancy Totals:</b>		
<b>7/1/19 - 2/29/20:</b>		
Max # of Singles Beds Available nightly:	123	
Max # of Family Units Available nightly:	5	
<b>3/1/20 - 6/30/20 (COVID-19 Reduced Capacity):</b>		
# of Singles Beds Available nightly (reduced):	99	
# of *Family Units Available nightly (reduced):	5	
<i>*family units no longer occupied by more than 1 family</i>		
Max # annual singles bed nights available:	42,090	
Max # annual family unit nights available:	1830	
Actual singles bed nights provided:	31,920	<b>75.84%</b>
Actual family unit nights provided:	1,824	<b>99.67%</b>

The City's transitional housing programs assisted 44 literally homeless families with transitional housing and support services and exited 100% to permanent housing. The Oakland Homeless Youth Collaborative assisted 64 literally homeless youth with transitional housing and support services, and exited over 46% to permanent housing, while less than 10% returned to homelessness.

In FY 19/20, the City opened 35 beds of inclement weather shelter. This is fewer beds than in previous years because in FY 18/19 the City funded large winter shelter at Saint Vincent de Paul transitioned to a year-round emergency shelter. However, additional funding was provided during the Inclement Weather months to offer a more robust service and positive exit support to

those utilizing the shelter. The Covid-19 Pandemic also impacted the shelter occupancy and ability to fully engage with the clients.

Data collection for winter shelter varied across programs – therefore, reporting on duplicated and non-duplicated client breakdown and outcomes are as follows:

- **Saint Vincent de Paul (SVdP)** serves as a large single site shelter location, open every night since July 1, 2019 through June 30, 2020
  - The shelter is accessible to participants through a referral process from various homeless serving agencies as well as a walk-up, on first come first served basis.
  - Maximum capacity began with 100 individuals.
  - Covid-19 response decompression occurred April 13, 2020, reducing the occupancy to 75.
  - The following data is through 6/30/2020.
    - Total duplicated guests in fiscal year 19/20 is 28,232
    - 7/1/2019 through 4/12/2020 – 100 max per night there were **25,600 bed-nights available.**
    - 4/13/2020 through 6/30/2020 – 75 max per night there were = **5926**
    - **90% Occupancy rate**
  
- **EOCP Winter Shelter Expansion**
  - 10-overflow cots during the winter months 11/15/2019 through 3/15/2020 (note we closed one month early due to shelter in place COVID-19 response).
  - These beds are for single men and women and are available on a first come first served basis.
  - A total of 122 Unduplicated clients served.
- 26 clients moved into a regular Crossroads beds
- 3 clients who then exited to permanent destinations

**St. Mary's Center** operated a 25-bed winter shelter for seniors 55+ years of age beginning December 1, 2019 through April 30, 2020. (Due to COVID-19 the shelter officially closed on April 7<sup>th</sup>, after 143 days in operation)

- 79 unduplicated individuals were served
- **Seasonal Occupancy: 92%**

**Community Cabins** were established to provide individuals living in encampments with a specific location where they can stay temporarily. Residents were housed in temporary structures. Each site served up to 40 individuals at a time for up to 6 months. Services included wash stations,

portable toilets, garbage pickup, and housing navigation (case management) services. Program goals are to increase health and safety of residents, to connect residents with mainstream services and the mainstream homeless response system, and to end the unsheltered status of residents. The pilot program began in December 2017 with the opening of the first site at 6<sup>th</sup> & Castro (known as Castro Community Cabins). In May 2018, a second site was opened at 27<sup>th</sup> & Northgate (known as Northgate Community Cabins). The 6<sup>th</sup> and Castro site was closed in January 2019, two more programs opened during the 18/19 operating year; Lake Merritt Community Cabins in October 2018, and Miller Community Cabins in January 2019. Three more sites opened in FY 19/20; Mandela Parkway North, Mandela Parkway South, and Oak St. Community Cabins.

Currently there are six sites operating. The data below is presented cumulatively since the intervention began in late 2017.

## **RESIDENTIAL LENDING SERVICES**

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The Residential Lending/Rehabilitation Services unit serves the most vulnerable population of homeowners and renters in Oakland and Alameda County including low income individuals, families, seniors and disabled persons who have code enforcement complaints, lead-based paint hazards or are living in substandard housing conditions. The Rehabilitation staff work with homeowners to help them with specific needs to prevent displacement and homelessness.

## **CHS/ANTIDISPLACEMENT/FAIR HOUSING**

The City's Oakland Path Rehousing Initiative (OPRI), in partnership with the Oakland Housing Authority, provides housing subsidies and intensive case management to populations which include re-entry (25 adult clients housed in FY19/20) and youth exiting from the foster care and juvenile justice systems (15 clients housed in FY 19/20).

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again.

## **CHS**

The U.S. Department of Housing and Urban Development (HUD) and the State of California requires that every community that receives State or Federal funds for programs serving unsheltered persons use Coordinated Entry, and the City Of Oakland remains in compliance in FY19/20.

Coordinated Entry is a shared and standardized method for connecting people experiencing homelessness to the resources available in a given community. Coordinated Entry assesses people's housing-related needs, prioritizes them for resources, and links those in need to a range of services, including immediate shelter and longer-term housing focused programs.

In FY 19/20, the City's Coordinated Entry Program for Families, known as Family Front Door (FFD), completed its fourth year of operation. The City also participates in the County wide Coordinated Entry system for single adults. The City of Oakland is the lead in implementing CES within the Oakland region.

**Permanent Housing and Rapid Rehousing**

In FY/19/20, ESG funds were used to provide Rapid Rehousing subsidies to 1399 households. 85 children under the age of 18 were served. 852 males and 548 females were served.

## **CR-30 - Public Housing 91.220(h); 91.320(j)**

### **Actions taken to address the needs of public housing**

#### **Actions taken to encourage public housing residents to become more involved in management and participate in homeownership**

#### **Actions taken to provide assistance to troubled PHAs**

The public housing program maintained an extremely high occupancy rate of over 98% throughout the program year. OHA is developing a Developer Request for Qualifications to solicit proposals from developers to continue to develop OHA and OHA affiliate properties to expand the affordable housing in Oakland.

In order to preserve 253 senior units of affordable housing located in three properties in downtown Oakland, OHA submitted disposition application #DDA0008342 to the Special Application Center on October 11, 2017 requesting approval to remove the HUD Declarations of Trust for the public housing program, award new Section 8 vouchers in their place.

In December 2019, OHA closed financing, for the acquisition and rehabilitation of the Oak Groves sites, which provide 151 units of affordable senior housing in two buildings in downtown Oakland and completed the application for award of Tenant Protection Vouchers (TPVs). Temporary relocation of residents was scheduled to occur floor-by-floor so residents could return once work on their floor was completed. In February 2020, temporary relocation of some residents was completed, and rehabilitation work began. However, the rehabilitation work was paused in March 2020 due to the Coronavirus pandemic and subsequently, the temporary relocation strategy was revised to conform to Coronavirus protocols. The building was vacated to ensure no interaction between senior residents and construction staff.

Rehabilitation work was resumed in June 2020 and OHA expects to complete the full rehabilitation of all units by the over the next two years.

In FY 2109/20, OHA continued construction on various projects and began leasing Emyrean Towers. Projects that OHA pursued to address the needs of low-income families are:

- Brooklyn Basin – A 65-acre site that will be completely transformed, with more than 3,000 residences, 32 acres of parks and open spaces, restored wetlands, a new marina and 200,000 square feet of retail and commercial space. The Authority is working with the City of Oakland and nonprofit developer, MidPen, to develop the affordable housing portion of this larger development. A total of 465 affordable units (110 for seniors and 355 for families) will be built in four phases. The first two phases (110 senior units and

101 family units) were under construction in 2019 and 2020 and are scheduled to be completed by end of 2020. Construction started on Phase 3.

- Empyrean Towers – OHA completed construction on a 99 unit severely distressed Single-room Occupancy hotel in downtown Oakland, converting it into 66 affordable studio and 1-bedroom apartments. Units were leased in 2020 and construction on the commercial retail space will be completed in Fall of 2020.

### **Actions taken to encourage public housing residents to become more involved in management and participate in homeownership**

Although not required, the Oakland Housing Authority (OHA) staffs a city-wide Resident Advisory Board (RAB) that meets regularly to review and provide input on draft plans, new policies, and funding priorities. The RAB makes recommendations regarding the development of the OHA Annual plan and provides feedback on any significant amendment or modifications to the plan. Members are nominated by staff and other residents through a bi-annual application and nomination process. New member recommendations are made to the Board of Commissioners, who approve the appointees who then meet monthly. The RAB is actively engaged in several projects, including providing editorial oversight of the OUR Voice newsletter and developing and utilizing their Resident Leadership Center. Monthly meetings have been moved to a virtual format in response to COVID-19.

The current RAB's work focuses on health and wellness, education, public safety, and civic engagement. The RAB meets monthly and is open to all interested residents, and last year held a day-long retreat. A virtual retreat will be held in the final quarter of 2020 to continue to build leadership and teamwork among the Resident Leaders. The RAB mission is to ensure that Public Housing Residents and Section 8 Participants of the Oakland Housing Authority (OHA) actively participate in the decision-making process regarding OHA policies and procedures, are actively engaged in their community, and are building leadership skills.

OHA has worked with the RAB to design a volunteer service program that gives residents viable opportunities to become involved in the community and gain competencies and skills. OHA works with the Resident Advisory Board and community organizations to ensure residents have access to a variety of volunteer opportunities. OHA identifies volunteer opportunities throughout the community, especially those in proximity to public housing developments, and markets them to the RAB and other interested residents.

#### Leadership Development Activities

##### **Education Ambassador Program**

This program provides opportunities for residents to serve as leaders and parent examples within the local school system. The participating parents serve at seven partner schools, select throughout the Oakland Unified School district and promote OHA's attendance improvement and parent engagement efforts. The Education Ambassadors work in partnership with OHA staff and

the principals at partner school sites to identify tasks and projects that meaningfully contribute to the entire school community, with an emphasis on increasing attendance for those struggling with chronic absenteeism. Education Ambassadors are role models who exhibit “good neighbor” qualities in support of the full-service community school model.

### **Community Coach Program (JobsPlus)**

OHA employs resident Community Coaches through the JobsPlus program to provide resident outreach and support for the JobsPlus initiative in West Oakland Public Housing sites. These coaches actively recruit and educate residents about the program and support community events promoting enrollment, job fairs and other community activities creating an environment in support of work in the community.

### **Resident Leadership Center (RLC)**

This West Oakland facility is available to OHA residents who have completed a Leadership Training and to Resident Advisory Board Members, this innovative space provides our Resident Leaders a place with resources to work to create positive changes within the City of Oakland. Developed by and for our resident leaders who work on civic engagement activities, these leaders have access to facilities to conduct meetings or trainings, participate in workshops, access computers and obtain office support for various projects in this professional office setting. The center is a place that nurtures community empowerment and local initiatives to create an inclusive, healthy community for all.

Although the Resident Leadership Center is currently closed due to COVID-19, OHA continues to conduct leadership training, workshops, and outreach virtually via Zoom.

### **Public Housing Participation in Homeownership**

The Homeownership Program is offered to eligible Oakland Housing Authority (OHA) residents and allows participants to have their housing subsidy applied towards a monthly mortgage payment, after a home is purchased. Residents who wish to join the program must meet certain the minimum program requirements. When deemed eligible, they are required to attend an OHA homeownership program orientation and Pre-Purchase workshop in order to prepare for homeownership. Participants select homes for purchase and secure their own mortgage financing through a lender. OHA provides assistance to help improve credit scores and to support refinancing of existing loans within the homeownership program. Since inception the program has supported the purchase of 117 homes.

## **CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)**

**Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)**

The City of Oakland is committed to providing affordable housing for its residents. Since 1988, the City has funded the development of over 6000 units of housing. The City manages various programs that work with non-profit developers to increase the number of affordable housing units.

As stated in its Housing Element Report, the City has undertaken an analysis of its General Plan, Zoning Ordinance, development standards and permit processes to determine what constraints exist. To encourage housing production and reduce regulatory barriers, the City made changes to its General Plan to encourage more housing in the City, near job centers, with access to transportation and other services. Actions have been taken by the City to reduce the impact of barriers to affordable housing include the following:

- Increased residential densities
- Created mixed use housing opportunities along major transportation corridors
- Reduced open space requirements in high density residential zones
- Streamline the environmental review process for downtown projects
- Adopted a Density Bonus Ordinance
- Adopted a Secondary-Unit ordinance & streamlined the process for approval. Support the construction of secondary units in single-family zones and record these units as a source of affordable housing.
- Created new fast-track and streamline permit process. Expedite and simplify the building permit process for housing and annually review and revise permit approval process
- Adopt Standard Conditions of Approve to, in part, streamline the CEQA review process of local regulations
- Financial assistance to developers of affordable housing
- Use of density bonuses and other regulatory tools to increase the supply of affordable housing to all income levels.

Other efforts include:

### **Bond Measure KK Site Acquisition Program**

On November 8, 2016, City of Oakland voters approved Bond Measure KK to fund affordable housing projects and programs and infrastructure improvements. The program guidelines set forth below are in accordance with the City's Affordable Housing and Infrastructure Bond Law adopted by Oakland City Council in City Ordinance 13403 C.M.S., dated November 29, 2016, and

codified in Chapter 4.54, Article IV, of the Oakland Municipal Code. The purpose of the Bond Measure KK Site Acquisition Program is to provide short-term loans for acquisition-related costs associated with developing, protecting and preserving long term affordable housing throughout the City of Oakland. This program was updated on May 3, 2018 to include Long Term Loans under the Bond Measure KK Site Acquisition Program (City Council Resolution 87220).

### **Affordable Housing Loan Programs**

Funds are allocated Biennial in a competitive process through a Notice of Funding Availability (NOFA). The NOFA is typically published in July, applications are due in September, and funding commitments are approved by the City Council in mid-December. This allows developers to use our funds to leverage other affordable-housing funds, such as the low-income housing tax credit.

### **Housing Development Section and Homeownership Programs**

Works with affordable housing developers, land trusts and other community organizations to increase the availability of affordable housing in Oakland through new and rehabilitated projects. Provides information, education and financial assistance to first-time homebuyers. Addresses issues of community reinvestment, predatory lending, and expansion of homeownership.

### **Rent Adjustment Section**

Helps tenants and landlords understand local laws regarding rental rates, increases and evictions. Provides a hearing process and mediation to ensure that rent disputes are resolved in a fair and equitable manner.

### **Residential Lending and Rehabilitation Services Section**

Provides technical and financial assistance for repairs to owner-occupied homes and provides grants for accessibility modifications to owner-occupied and rental properties. Also includes the Loan Servicing unit, which handles loan payoffs, subordination requests and other matters regarding City loans for housing.

## **Mixed Use**

The City continues to encourage new commercial, retail and housing opportunities in areas well-served by transit after receiving City Council approval of four Specific Plans and their Environmental Impact Reports: 1) Broadway Valdez District Specific Plan; 2) Lake Merritt BART Station Area Plan; 3) West Oakland Specific Plan; and 4) Coliseum Area Specific Plan. Each of these plans was developed with extensive public participation and review. In total, these four plans are projected to facilitate the construction of approximately 17,000 new units of housing, with a percentage targeted as affordable to low income household. The Downtown Oakland Specific Plan ensures continued growth and revitalization to benefit both Downtown residents and the larger community. The plan provides sound policy guidance on development, linking land use, transportation, economic development, housing, public spaces, cultural arts, and social equity. The City will continue to work to develop a broader community consensus on the need for affordable housing developments, in order to overcome problems of neighborhood resistance to affordable housing projects. City staff will continue to work on these issues with the Non-Profit Housing Association of Northern California (NPH) and East Bay Housing Organizations (EBHO).

## **Affordable Housing Impact Ordinance**

In May 2016, the Oakland City Council adopted an Affordable Housing Impact Fee Ordinance. Development projects submitting building permit applications on or after September 1, 2016, will be subject to the fees. These fees will be indexed annually to ensure collection of the legally appropriate and maximum allowable fee amount. These fees will be deposited to the Affordable Housing Trust Fund for use in increasing the stock of regulated affordable housing. City-funded affordable housing developments are subject to Oakland resident and worker preferences. Increasing the affordable housing stock combined with this preference policy, works to provide housing for City residents and workers at risk of being displaced due to the City's high housing costs. The City continues its ongoing efforts to streamline its processes for the issuance of zoning and building permits, including the use of Accela, the City's updated planning software program that is designed to make accessible permitting and development history, using an internet-based information and application system. An alternative to payment of the Affordable Housing Impact Fee, a developer has the option to mitigate their project's impacts by building affordable units on-site. There are benefits to having projects build affordable units on-site, because such units can be built sooner and would be mixed in with market-rate units. Additionally, the units can be built in neighborhoods that often have more amenities and better public services that otherwise lack affordable housing opportunities.

## **Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)**

### Local Employment Program

In 1993, the City of Oakland established a revised Local Employment Program (LEP) for the City of Oakland construction projects. The LEP (revised June 2003) establishes an employment goal of 50% of the total project workforce hours on a craft-by-craft basis be performed by Oakland

residents and minimum of 50% of all new hires to be performed by Oakland residents on a craft-by-craft basis. The first new hire must be an Oakland resident and every other new hire thereafter. To implement the goals for the LEP, the City created the Local Construction Employment Referral Program (LCERP).

The LCERP partners with Community Based Organizations, (CBO) who refers a continuous pool of construction workers to the City. This pool of workers is maintained in a referral data bank. With a 3-day notice, the City may refer Oakland workers in response to a request.

Because CBOs serve a variety of clients, the employer has access to qualified individuals of all races, languages, skill levels and physical abilities.

On January 26, 1999, the City established a 15% Apprenticeship Program in order to increase Oakland resident participation as apprentices, the policy provides for a 15% apprenticeship hiring goal that is based on total hours worked and, on a craft, -by-craft basis. The entire 15% resident apprentice hiring goal may be achieved entirely on the City of Oakland funded project; or split on a 50/50 basis (minimum 7.5% on city funded project and maximum 7.5% on non-city funded projects).

Through a partnership with the Oakland Rotary Club and Laney Community College, the City makes available vacant lots, or assists in the acquisition of vacant houses to be rehabilitated by Laney's construction training programs. The program provides students with "hands-on" training to develop and refine the skills necessary to enter the construction trades.

The program enrolls approximately 50 students per semester in a combination classroom and hands-on construction project program. The students and instructors provide the labor for the project and the end product is a one- or two-unit residential dwelling, made available for occupancy by low to moderate-income families. Upon completion of a project, the property is sold for cost and all proceeds are used to fund subsequent projects.

The LCERP partners with 35 Community Based Organizations, (CBO) who refers a continuous pool of construction workers to the City. This pool of workers is maintained in a referral databank. With a 3-day notice, the City may refer Oakland workers in response to a request.

**Living Wage Ordinance** Effective July 1, 2019 Oakland’s Living Wage increased to **\$16.47 per-hour without benefits and \$14.35 with health benefits.** Oakland Living Wage rates increase annually in July. Said Living Wage rates are required by all City of Oakland agencies, for profit vendors, not for profit service providers, City Financial Assistance Recipients (CFARs), prime and sub-consultants.

**Oakland Minimum Wage Ordinance**

Effective January 1, 2020 Oakland’s required minimum wage rate increased from \$13.80 to \$14.14 per/hour based on the local Consumer Price Index (CPI). Any business operating in Oakland or employing someone in Oakland is required to meet this minimum hourly wage. Employees who perform at least two hours of work in a workweek within Oakland – including part-time, temporary and seasonal employees – must be paid at least the minimum wage.

**Oakland’s Hotel Workers Protection & Employment Standards Ordinance**

Effective January 1, 2020 Measure Z establishes a minimum wage for hotel workers of \$15.27per hour with healthcare benefits or \$20 per hour without healthcare benefits. This rate increases, which will annually with inflation, starting on January 1, 2020.

## **Economic Development**

As part of the five-year Consolidated Plan, an Economic Development Strategy was identified as a targeted Economic Development project for and was developed by the City and approved by City Council in 2017. The Economic Strategy aligns with City of Oakland's targeted equity programs and policies and is focused on equitable economic development. A Progress Report was presented to the public on March 5, 2019. An update to this report has been delayed given the COVID-19 Pandemic. Business assistance for the City of Oakland has been a priority and through targeted efforts, the City has been focused on retention activities related to local, state, and federal resources. In the early stages of the pandemic, the City established a web portal to support our business community with resources and newsletters in different languages. In addition, through City technical support, the City was able to partner with philanthropic support to stand up a small business grant program that targeted low income/minority businesses. Ninety small businesses were supported by grants and went to extremely low-income business owners, earning 35 percent of Area Median Income or less. Other characteristics of the grantees:

- 86% of the businesses are owned by people of color
- 69% of the businesses are owned by women
- 84% of the businesses generate less than \$250,000 in annual revenue
- 22% went to business owners that used a non-English application
- 90% of the businesses rent their space

The program was the start of development of small business grant programs with additional programs underway beyond the CAPER Reporting period as the Covid-19 pandemic continues.

### **Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)**

**Housing Rehabilitation:** The City's residential rehabilitation loan programs have included LBP hazard education within the initial phase of the loan application process, since 1992. The Rehabilitation Advisors who have direct advisory responsibility to the homeowner during the actual rehabilitation construction work have all received a minimum of 40 hours training in identification, testing and available remediation methodologies for lead paint hazards and must obtain California Department of Public Health Lead Supervisor Certification. Also, all Contractor agreements incorporate work descriptions to address compliance with lead paint regulations and safe work practices. Rehabilitation Advisors as part of project monitoring also verify compliance with Lead safe practices. All Home Maintenance Improvement Program projects receive a lead

hazard risk assessment and rehabilitation work must pass lead hazard clearance upon completion.

Housing Rehabilitation: Construction projects are monitored, with the assistance of the Contracts and Compliance Unit in the Office of Public Works, to ensure that all affirmative action, equal employment opportunity, and prevailing wage (Davis-Bacon Act) requirements are met. These requirements are included in City loan and grant agreements with developers, along with provisions that the requirements be passed through to construction contractors and subcontractors at every tier. Notices to proceed with construction work are not issued until the Contracts and Compliance Unit indicates that a project has met the requirements. In addition, the Contracts and Compliance Unit monitors projects during construction, to ensure that requirements are actually being met.

The City of Oakland's Housing Rehabilitation Programs incorporate lead-safety measures guided by Federal Rules. The City also partners with the Alameda County Community Development Agency's Healthy Homes Department (ACHHD) whose Partnerships for Affordable Lead-Safe Housing Program will address lead-based paint (LBP) hazards and increase access to housing without LBP hazards. The Program will make up to 140 pre-1978 units in Alameda County that house low-income families, most with children under six, lead safe. Over 90 of these units are projected to be in the City. Funded by a combination of HUD and local funds, this program will also strengthen community capacity for addressing and incorporating lead safety compliance and healthy housing principles through presentations and training of contractors, agency staff, and community members. The ACHHD maintains a Lead-Safe Housing Listing at [www.achhd.org](http://www.achhd.org) that informs the renting community of housing units that have been made safe from LBP hazards. Oakland is one of four cities that participates with the County by providing funding for lead safety education and outreach to property owners. This program, administered by the ACHHD, provides property owner consultations, training, and other educational services to promote lead safe property maintenance and repair.

ACHHD will carry out focused outreach to high risk low-income families with young children through partners including City housing, code enforcement, housing assistance, and other departments along with community-based organizations serving Oakland residents.

**Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)**

The Alameda County-Oakland Community Action Program (AC-OCAP) received \$1,354,232 to provide assistance to antipoverty agencies and programs in effort to support the needs of Alameda County's low-income residents in the following strategic focus areas:

- **Entrepreneurship/Job Training & Employment Placement** to help low-income people, hard-to-serve populations, and people with additional barriers build skills that lead to employment.
- **Low-Income Housing** opportunities that help low-income people access safe temporary/affordable housing and pursue home ownership.
- **Civic Engagement** to increase public awareness and expand partnerships.
- **Advocacy** efforts that mobilize and empower low-income people and the community to take action; and
- **Capacity Building** that fosters and expands AC-OCAP's capacity to address and eradicate poverty.

AC-OCAP served approximately 60,000 low-income residents in the 2019 calendar year.

**Actions taken to develop institutional structure. 91.220(k); 91.320(j)**

The Department of Housing & Community Development is responsible for managing HUD grant programs, developing housing policy and information, and administering the Rent Adjustment Ordinance. There are six sections within the department: (1) Community Development Block Grant; (2) Housing Development Services ( including the Homeownership Programs); (3) Housing Resource Center; (4) Rent Adjustment; (5) Residential Lending and Rehabilitation Services; and (6) Fiscal and Administrative Services. Under Director Shola Olatoye, management meets weekly; the department meets monthly; and coordination between City departments and other jurisdictional bodies to promote customs, practices, and relationships to further the production of, preservation of and protection of affordable housing and community development activities most needed in Oakland.

**Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)**

The City strives to Improve processes between City Departments to facilitate housing service delivery. DHCD continues to streamline its internal and external processes to facilitate program utilization and department efficiency.

The Department of Housing & Community Development along with Department of Human Services continues in the effort of coordinating an Oakland Pipeline Process to bring together the City, nonprofit housing developers, homeless service providers, and County Social Services Agencies, to further the implementation and progress of the City's Permanent Access to Housing (PATH) Strategy. PATH provides a housing-first model to address homelessness through development and provision of permanent housing with supportive services as a principal strategy

for addressing the needs of homeless families and individuals.

The City continues to encourage and refer nonprofit organizations to technical assistance resources provided by HUD and other entities.

The City will consider continuing the use of HOME funding (Community Housing Development Organization [CHDO] Operating Support) to support non-profit capacity building but may choose to reallocate these funds for housing development activities.

Encourage developers to increase the representation of low- and moderate-income persons in their decision-making processes and thereby to become eligible for receipt of HOME funds targeted to CHDO organizations.

The City requires that certified CHDOs maintain an active program to increase the representation of low- and moderate-income persons in their decision-making processes. The City provides training and technical assistance as requested by homeless service/housing providers in rapid rehousing, homeless prevention, supportive housing, outreach and shelter

**Identify actions taken to overcome the effects of any impediments identified in the jurisdiction's analysis of impediments to fair housing choice. 91.520(a)**

The Alameda County Regional Analysis of Impediments to Fair Housing Choice (AI) reflects a countywide effort to increase fair housing choices for residents across the County. With the County of Alameda as lead agency of this effort, Oakland along with multiple participating jurisdictions (14) and Housing Authority Offices (5) formed this regional collaborative for the purpose of completing an AI while meeting each jurisdiction's goals and obligations under the fair housing rules to affirmatively further fair housing.

U. S. Department of Housing & Urban Development (HUD) requires an AI to be conducted every 5 years as part of the 5-year Consolidated Plan Process. This regional AI once adopted by the City will become part of the City's 5 Year Con Plan submitted to HUD and will serve the meeting of HUD requirements for: public engagement, fair housing assessment and findings, identifying primary issues, contributing factors as well as future goals and priorities to further fair housing choice.

The AI is prepared to:

1. Identify primary issues around fair housing choice
2. The contributing factors; and
3. Then to set goals and objectives to take meaningful actions that address significant disparities in housing needs and access to opportunities and replacing segregated living

patterns with integrated and balanced living patterns, transforming racially or ethnically concentrated areas of poverty into areas of opportunity while fostering and maintaining compliance with civil rights and fair housing laws.

The update Alameda County Regional Analysis of Impediments to Fair Housing Choice was adopted by Oakland and the participating jurisdictions in January of 2020.

By July 23, 2020, HUD announced the termination of the 2015 rule under the Trump Administration. HUD's new rule, called "Preserving Community and Neighborhood Choice," changes the definition of fair housing to be "affordable, safe, decent, free of unlawful discrimination and accessible under civil rights law." City of Oakland will take the appropriate actions to promote fair housing, preserving community and neighborhood choice.

## **CR-40 - Monitoring 91.220 and 91.230**

**Describe the standards and procedures used to monitor activities conducted in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements**

The City monitors CDBG, HOPWA, HOME and ESG subrecipients and projects to ensure compliance with program, fiscal and planning requirements under each grant. Monitoring includes review of monthly invoices and client reports, annual on-site monitoring of financial records, program and client files. Project coordinators/staff are assigned to conduct on-site visits, priority given to those agencies who are newly funded and who maintain "at risk" indicators.

Findings from the Fiscal Services monitoring are completed by the City's Fiscal Office. Service providers completed monthly reports for the Project Administrators on the units of service provided, the cost of providing the service, who the service was provided to and any problems encountered during the month. These reports are reviewed monthly with each request for reimbursement submitted to the City.

A public hearing is held each year to provide performance and evaluation information for CDBG, HOME, HOPWA and ESG funded activities. This report is posted for public review and comment, providing an opportunity citizen participation and feedback regarding the funded services and programs reported.

### **Construction Requirements:**

The Contract Compliance Unit, under the City Administrator's Office, reviews construction contracts for compliance with L/SLBE (Local/Small Local Business Enterprise) goals and payment of prevailing wages.

### **Environmental Review Requirements:**

The Department of Housing and Community Development (DHCD) is certified by the U.S. Department of Housing and Urban Development (HUD). DHCD conducts the National Environmental Policy Act (NEPA) environment assessments on all projects receiving federal funds. In addition, DHCD is in compliance with all requirements under the California Environmental Quality Act (CEQA) for environmental assessments.

### **Economic Development:**

As part of the five-year Consolidated Plan, an Economic Development Strategy was identified as a targeted Economic Development project for and was developed by the City and approved by City Council in 2017. The Economic Strategy aligns with City of Oakland's targeted equity programs and policies and is focused on equitable economic development. A Progress Report was presented to the public on March 5, 2019. Key Economic Development initiatives have

occurred in East Oakland along key commercial corridors. Support programs for the Bus Rapid Transit Business Assistance Fund have been ongoing for business retention efforts. As part of the Cities COVID-19 Pandemic response partnerships with the City's ethnic chambers have occurred to elevate and enhance cultural competency and language assistance. This has proved to be a successful engagement model and we are currently working on Federal CARES Act funding to enhance the outreach of minority owned businesses for technical assistance and businesses resources. This effort is partially supported by the CDBG technical assistance funding associated with the delivery of the City of Oakland's Economic Development Program. Given CARES act funding timing, reporting on outreach and business support activities is anticipated in the first quarter of 2021. If deemed successful, this model could be replicated for future rounds of CDBG business outreach and support for small and minority/woman owned businesses.

### **Community Housing Services - Homeless Services Specific**

The purpose of monitoring Community Housing Services (CHS) grantees is to assess programmatic and fiscal compliance with grant requirements, to identify areas of noncompliance and potential for improvement and to identify areas of strengths. The monitoring process is separated into two components: Fiscal Monitoring and Program Monitoring.

Fiscal monitoring for all CHS programs is conducted by Human Services Department (HSD) Budget and Fiscal Division staff.

Program monitoring is conducted by program staff within CHS. Program monitoring includes a review of universal elements required of all programs and agencies funded by the City of Oakland, and additional requirements specific to CHS. Every new grantee (that has held a contract with the City for less than three years) should be monitored, at a minimum, once during the contract period. Long-term grantees with a positive monitoring track record that continue to provide the same or similar services may be monitored every other contract period, or up to three years apart.

The primary purpose of the monitoring is to ensure compliance with contract requirements and includes a review of both program compliance and broader organizational compliance. Any areas of noncompliance will be identified and specific actions necessary in order to come into compliance will be explained to the grantee.

In order to conduct the file review, at least seven files are selected at random from client files. Some of the files reviewed are for clients that are currently being served and some for cases that have been closed within the last year or since the last monitoring. The purpose of the file review is to verify information reported in HMIS, to confirm that all required documentation is being kept in each file, and to ensure the appropriate use of case notes. For each finding, the summary or monitoring report must specify what corrective action is required and by when the grantee must take the required action. The grantee must correct findings or serious consequences (such as termination of the contract, recapture of funds, etc.) may occur. Instances where a deficiency does not constitute a finding, or where non-compliance may occur in the future because of the weakness in the grantee's operations should be presented as concerns. For each concern, specific recommendations for improvement are included.

The grantee has the option of following or not following these recommendations. If findings are not resolved within the time frame indicated, including any extensions granted by CHS staff, the monitor consults with their supervisor regarding the next appropriate course of action.

**Housing Rehabilitation:** Construction projects are monitored, with the assistance of the Contracts and Compliance Unit in the Office of Public Works, to ensure that all affirmative action, equal employment opportunity, and prevailing wage (Davis-Bacon Act) requirements are met. These requirements are included in City loan and grant agreements with developers, along with provisions that the requirements be passed through to construction contractors and subcontractors at every tier. Notices to proceed with construction work are not issued until the Contracts and Compliance Unit indicates that a project has met the requirements. In addition, the Contracts and Compliance Unit monitors projects during construction, to ensure that requirements are actually being met.

#### **Citizen Participation Plan 91.105(d); 91.115(d)**

##### **Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.**

The City of Oakland CAPER is prepared by staff in the City's Department of Housing and Community Development (DHCD) Community Development Block Grant (CDBG) Division, the lead agency for reporting of the HUD formula grants. In preparing the report, the DHCD consults with other City departments, public agencies, Oakland' Housing Authority (public housing), private and nonprofit housing and social service providers, in addition to private and public funding agencies.

The 2019/20 CAPER is published and posted for citizen review and comment for a 15-day period as mandated by 24 CFR 91.520(a) prior to the March 2021 public hearing and City Council meeting. The City of Oakland's draft 2019/20 CAPER was posted for public review and comment

starting February 8, 2021 through March 2, 2021. Notices of publication of the CAPER are posted in the following newspaper publications: The East Bay Times (Tribune) The Post, El Mundo, and Sang Tao. Copies of the draft report were also made available online at : [www.oaklandca.gov/documents/2019-to-2020-consolidated-annual-performance-and-evaluation-report](http://www.oaklandca.gov/documents/2019-to-2020-consolidated-annual-performance-and-evaluation-report).

Citizens are encouraged to review and provide comments that are in turn recorded and included in the final submission of the CAPER to the U.S. Department of Housing & Urban Development (HUD) as well as to the Oakland City Council. Per the City's public notice released regarding the CAPER, public comments are received via email at [cdbg@oaklandca.gov](mailto:cdbg@oaklandca.gov) or via postal service at City of Oakland Department of Housing and Community Development, 250 Frank Ogawa Plaza, Suite 5313, Oakland, CA 94612, Attention CDBG Manager.

A public hearing regarding the 2019/20 CAPER is scheduled for March 16, 2021, as another opportunity to obtain residents' views and questions regarding the goals and accomplishments in housing, community development, public services, strategies and outcomes reported in the CAPER. Notices of the hearing were distributed in the same manner as described above and are posted on the City of Oakland's website, on the Office of the City Clerk's web page at: <https://oakland.legistar.com/calendar.aspx> . During Alameda County Shelter-In-Place orders, all City Council Meetings are held virtually via Zoom. Meeting ID, agenda and instructions are provided on this site as well

Specific to objectives for reducing and ending homelessness, the City's Community Housing Services Division provides for reasonable notice and opportunity for public comments the following: Under HOPWA, Oakland is awarded as an Oakland Eligible Metropolitan Statistical Area that consist of Alameda & Contra Costa Counties. Funds are allocated based on the total of reported AIDS cases in the two counties, as reported by the Office of AIDS in their Annual AIDS Epidemiology Report.

Priorities are set and published by each County for the use of HOPWA funds. Within the Oakland EMSA, HOPWA funds are used to: develop housing for persons with HIV/AIDS and their families; fund property acquisition and rehabilitation to increase HIV/AIDS housing inventory; maintain current inventory of HIV/AIDS housing within the Oakland EMSA; and to provide HIV/AIDS services including, but not limited to information and referral services, short term rental and utilities assistance, and other support services to assist HIV/AIDS clients and their families to stabilize their lives while housed.

Emergency Solutions Grant (ESG) allocations prioritizes rapid rehousing services, shelter, outreach, Homeless Management Information System (HMIS) activity, and other services that assist persons living on the streets and in shelters. Under the City's PATH Strategy, ESG funds are allocated through a competitive process to select agencies that meet the priority needs. Proposed allocations are approved by the City Council and are subject to public review and comment consistent with the public review process for all City Council actions.

## **CR-45 - CDBG 91.520(d)**

**Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.**

### **Housing Resource Center**

There was a change made in the programs carried out by the Housing Resource Center. The original three programs (HRC Drop-In Services, Housing Related Financial Assistance, and Code Enforcement and Relocation) were consolidated into two (Housing Resource Center Anti-Displacement Information and Referral and Code Enforcement and Relocation). The Housing Related Financial Assistance program was deemed infeasible to develop and overlapped with other activities taking place in the community serving the same needs. As such, the funds were reprogrammed to the Anti-Displacement contract with EBCLC to focus on implementation of the Fair Chance Housing Ordinance and related anti-displacement efforts serving people exiting the criminal justice system. The HRC Drop-In Services was renamed Anti-Displacement Information and Referral to better reflect the services being provided.

For CDBG, affordable housing, homeless solutions and economic development continue to rank as highest priorities for the City of Oakland and the Department of Housing & Community Development, with overarching goals of housing preservation, housing production and housing protections.

City of Oakland now includes back-up projects and activities as part of the Annual Action Plan, in order to expedite reprogramming of funds should a funded project experience extended delays. With back-up projects reviewed by the public, pre-approved by City Council and by the U.S. Department of Housing & Urban Development (HUD) CDBG funds are redirected upon completion of an analysis of expenditure and progress of programs/projects of concern. Back up projects and programs include public facilities, rental assistance, housing operations assistance, and other activities that prepare for, prevent and respond to Coronavirus impacts.

### Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations

Please list those projects that should have been inspected on-site this program year based upon the schedule in §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

Provided in the table below, are all HOME-assisted rental projects that that should have been inspected on-site this program year. However, due to COVID impacts staff resources shifted to more crucial project management activities. Staff is exploring alternative means of conducting the inspections prior to rescheduling.

The on-site inspections must occur within 12 months after project completion and at least once every 3 years thereafter during the period of affordability. Each of the projects below have been inspected upon completion and within the 3-year period mandated by 24 CFR 92.504(d).

**Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units.  
92.351(b)**

As a condition of the City of Oakland’s Affordable Housing Development Program loan agreements, not less than 180 days prior to project completion, owners must submit proposed marketing and management plans to the City for review and approval. Prior to commencing marketing activities, owners will be required to meet with City staff to review the proposed marketing strategy to ensure that affirmative marketing efforts will be employed.

Marketing plans must include information on strategies for reaching persons and groups not likely to apply including, but not limited to, households that include a member with disabilities. Marketing plans must also include procedures for ensuring that people with disabilities who request accessible features are given preference for occupancy of accessible units, as described below. Management plans must include policies for ensuring reasonable accommodation for persons with disabilities. Management plans must also contain policies and provisions for recordkeeping and monitoring. The City will provide written guidance on selection of tenants and reasonable accommodation during occupancy, if requested.

All advertising must display the Equal Housing Opportunity logo and/or the phrase “Equal Housing Opportunity”, and a logo and/or slogan indicating accessibility to persons with disabilities. Fair housing posters must be displayed at the project rental or sales office.

Marketing plans must include use of a welcoming statement to encourage people with disabilities to apply for units, as well as a description of available units, accessible features, eligibility criteria, and the application process. The City will provide developers with sample notices, if requested.

Marketing plans must indicate that qualified applicants with disabilities who request accommodation shall receive priority for the accessible units. Open houses and marketing offices must be accessible to allow persons with disabilities to visit the site and retrieve information about accessible units. Owners are required to advertise in newspapers of general circulation,

and to provide notice to community groups when units become available.

Marketing includes the use of newspapers of general circulation in Oakland. The managing agent places notices in newspapers, specialized publications, and newsletters to reach potential residents. Applications, notices, and all publications includes a Fair Housing and Equal Opportunity Logo, and the Accessibility Logo. Community media advertisement of the projects may include the following: Oakland Tribune (East Bay Times), Oakland Post, El Mundo (Spanish), Sing Tao Daily Newspaper (Chinese), Eden I&R, Inc., and/or 2-1-1- Information and Referral Line.

Consistent with the resident population each development was designed to serve, the marketing of the project must ensure equal access to appropriate size units for all persons in any category protected by Federal, state, and local laws governing discrimination. Owners are required to engage in special outreach to persons and groups in the housing market area who, in the absence of such outreach are not likely to apply for the housing. In determining what special outreach is needed, owners should take into account past patterns of discrimination, the racial and ethnic makeup of the neighborhood, language barriers, location, or other factors that might make it less likely that some persons and groups (a) would be aware of the availability of the housing or (b) would be likely to apply for the housing.

Special marketing outreach consideration is given to the following underserved populations:

- a. African Americans
- b. American Indians
- c. Asians and Pacific Islanders
- d. Hispanics
- e. Persons with disabilities and persons with special supportive housing needs
- f. Very low-income households of all types (including persons making the transition from homelessness to permanent housing)
- g. Immigrants. Non-English-speaking residents
- h. Large families

Owners are required to advertise in media which are reasonably likely to reach such targeted groups, and to provide notice to community organizations, fair housing agencies, and other similar organizations. A list of local disability organizations and community development boards will be provided by HCD if requested.

HCD also provides developers with sample advertisements if requested. Multilingual advertising is encouraged where such efforts would result in reaching persons and groups not likely to apply. Owners and managers must ensure that people with limited English proficiency are not discouraged from applying or discriminated against and are encouraged to provide translation assistance or referrals to community-based organizations that can assist with translation.

Per the ESG CAPER Annual Reporting Tool (eCart) Guide, Emergency Solutions Grants (ESG) recipients will use this tool to report aggregated ESG Program report information. eCart is a Microsoft Excel spreadsheet that is configured to load report level, aggregate information from a Homeless Management Information System (HMIS) and produce all statistical information required by HUD on program participants served in ESG-funded projects. The information in eCart replaces all data previously collected on screen CR-65 in the eCon Planning Suite. ### 11. Project Outcomes Data measured under the performance standards developed in consultation with the CoC(s)

In FY 19/20, the City of Oakland continued to work with homeless shelters and transitional housing programs. Crossroads Shelter, funded by ESG and CDBG, was also significantly impacted by the Covid-19 Pandemic. Although there was no interruption to the shelter being open 365 days per year, maximum occupancy was reduced by 26 beds to accommodate CDC guidelines for physical distancing/decompression. In addition, service provider coming into the shelter was stopped altogether to reduce infection risk and spread. The shelter maximum occupancy went from 125 single adults, and 5 family units, to single bed maximum to 99. A total of 548 unduplicated individuals utilized the Crossroads shelter during FY 19/20, with 103 households exited to Permanent Housing, and 14 to Transitional Housing.

# **Housing Opportunities for Persons With AIDS (HOPWA) Program**

## **Consolidated Annual Performance and Evaluation Report (CAPER) Measuring Performance Outcomes**

City of Oakland, CA  
Alameda County  
Contra Costa County

---

**OMB Number 2506-0133 (Expiration Date: 01/31/2021)**

---

The CAPER report for HOPWA formula grantees provides annual information on program accomplishments that supports program evaluation and the ability to measure program beneficiary outcomes as related to: maintain housing stability; prevent homelessness; and improve access to care and support. This information is also covered under the Consolidated Plan Management Process (CPMP) report and includes Narrative Responses and Performance Charts required under the Consolidated Planning regulations. Reporting is required for all HOPWA formula grantees. The public reporting burden for the collection of information is estimated to average 41 hours per manual response, or less if an automated data collection and retrieval system is in use, along with 60 hours for record keeping, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Grantees are required to report on the activities undertaken only, thus there may be components of these reporting requirements that may not be applicable. This agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless that collection displays a valid OMB control number.

**Overview.** The Consolidated Annual Performance and Evaluation Report (CAPER) provides annual performance reporting on client outputs and outcomes that enables an assessment of grantee performance in achieving the housing stability outcome measure. The CAPER fulfills statutory and regulatory program reporting requirements and provides the grantee and HUD with the necessary information to assess the overall program performance and accomplishments against planned goals and objectives.

HOPWA formula grantees are required to submit a CAPER demonstrating coordination with other Consolidated Plan resources. HUD uses the CAPER data to obtain essential information on grant activities, project sponsors, housing sites, units and households, and beneficiaries (which includes racial and ethnic data on program participants). The Consolidated Plan Management Process tool (CPMP) provides an optional tool to integrate the reporting of HOPWA specific activities with other planning and reporting on Consolidated Plan activities.

**Table of Contents**

**PART 1: Grantee Executive Summary**

1. Grantee Information
2. Project Sponsor Information
5. Grantee Narrative and Performance Assessment
  - a. Grantee and Community Overview
  - b. Annual Performance under the Action Plan
  - c. Barriers or Trends Overview

**PART 2: Sources of Leveraging and Program Income**

1. Sources of Leveraging
2. Program Income and Resident Rent Payments

**PART 3: Accomplishment Data: Planned Goals and Actual Outputs**

**PART 4: Summary of Performance Outcomes**

1. Housing Stability: Permanent Housing and Related Facilities
2. Prevention of Homelessness: Short-Term Housing Payments
3. Access to Care and Support: Housing Subsidy Assistance with Supportive Services

**PART 5: Worksheet - Determining Housing Stability Outcomes**

**PART 6: Annual Report of Continued Use for HOPWA Facility-Based Stewardship Units (Only)**

**PART 7: Summary Overview of Grant Activities**

- A. Information on Individuals, Beneficiaries and Households Receiving HOPWA Housing Subsidy Assistance (TBRA, STRMU, PHP, Facility Based Units, Master Leased Units ONLY)
- B. Facility-Based Housing Assistance

**Continued Use Periods.** Grantees that used HOPWA funding for new construction, acquisition, or substantial rehabilitation of a building or structure are required to operate the building or structure for HOPWA-eligible beneficiaries for a ten (10) years period. If no further HOPWA funds are used to support the facility, in place of completing Section 7B of the CAPER, the grantee must submit an Annual Report of Continued Project Operation throughout the required use periods. This report is included in Part 6 in CAPER. The required use period is three (3) years if the rehabilitation is non-substantial.

**Record Keeping.** Names and other individual information must be kept confidential, as required by 24 CFR 574.440. However, HUD reserves the right to review the information used to complete this report for grants management oversight purposes, except for recording any names and other identifying information. **In the case that HUD must review client-level data, no client names or identifying information will be retained or recorded. Information is reported in aggregate to HUD without personal identification. Do not submit client or personal information in data systems to HUD.**

In connection with the development of the Department’s standards for Homeless Management Information Systems (HMIS), universal data elements are being collected for clients of HOPWA-funded homeless assistance projects. These project sponsor records would include: Name, Social Security Number, Date of Birth, Ethnicity and Race, Gender, Veteran Status, Disabling Conditions, Residence Prior to Program Entry, Zip Code of Last Permanent Address, Housing Status, Program Entry Date, Program Exit Date, Personal Identification Number, and Household

Identification Number. These are intended to match the elements under HMIS. The HOPWA program-level data elements include: Income and Sources, Non-Cash Benefits, HIV/AIDS Status, Services Provided, Housing Status or Destination at the end of the operating year, Physical Disability, Developmental Disability, Chronic Health Condition, Mental Health, Substance Abuse, Domestic Violence, Medical Assistance, and T-cell Count. Other HOPWA projects sponsors may also benefit from collecting these data elements. HMIS local data systems must maintain client confidentiality by using a closed system in which medical information and HIV status are only shared with providers that have a direct involvement in the client’s case management, treatment and care, in line with the signed release of information from the client.

**Operating Year.** HOPWA formula grants are annually awarded for a three-year period of performance with three operating years. The information contained in this CAPER must represent a one-year period of HOPWA program operation that coincides with the grantee’s program year; this is the operating year. More than one HOPWA formula grant awarded to the same grantee may be used during an operating year and the CAPER must capture all formula grant funding used during the operating year. Project sponsor accomplishment information must also coincide with the operating year this CAPER covers. Any change to the period of performance requires the approval of HUD by amendment, such as an extension for an additional operating year.

**Final Assembly of Report.** After the entire report is assembled, number each page sequentially.

**Filing Requirements.** Within 90 days of the completion of each program year, grantees must submit their completed CAPER to the CPD Director in the grantee’s State or Local HUD Field Office, and to the HOPWA Program Office: at [HOPWA@hud.gov](mailto:HOPWA@hud.gov). Electronic submission to HOPWA Program office is preferred; however, if electronic submission is not possible, hard copies can be mailed to: Office of HIV/AIDS Housing, Room 7248, U.S. Department of Housing and Urban Development, 451 Seventh Street, SW, Washington, D.C., 20410.

**Definitions**

**Adjustment for Duplication:** Enables the calculation of unduplicated output totals by accounting for the total number of households or units that received more than one type of HOPWA assistance in a given service category such as HOPWA Subsidy Assistance or Supportive Services. For example, if a client household received both TBRA and STRMU during the operating year, report that household in the category of HOPWA Housing Subsidy Assistance in Part 3, Chart 1, Column [1b] in the following manner:

HOPWA Housing Subsidy Assistance		[1] Outputs: Number of Households
1.	Tenant-Based Rental Assistance	0
2a.	Permanent Housing Facilities: Received Operating Subsidies/Leased units	7
2b.	Transitional/Short-term Facilities: Received Operating Subsidies	101
3a.	Permanent Housing Facilities: Capital Development Projects placed in service during the operating year	21
3b.	Transitional/Short-term Facilities: Capital Development Projects placed in service during the operating year	0
4.	Short-term Rent, Mortgage, and Utility Assistance	97
5.	Adjustment for duplication (subtract)	1
6.	TOTAL Housing Subsidy Assistance (Sum of Rows 1-4 minus Row 5)	225

**Administrative Costs:** Costs for general management, oversight, coordination, evaluation, and reporting. By statute, grantee administrative costs are limited to 3% of total grant award, to be expended over the life of the grant. Project sponsor administrative costs are limited to 7% of the portion of the grant amount they receive.

**Beneficiary(ies):** All members of a household who received HOPWA assistance during the operating year including the one individual who qualified the household for HOPWA assistance as well as any other members of the household (with or without HIV) who benefitted from the assistance.

**Chronically Homeless Person:** An individual or family who : (i) is homeless and lives or resides individual or family who: (i) Is homeless and lives or resides in a place not meant for human habitation, a safe haven, or in an emergency shelter; (ii) has been homeless and living or residing in a place not meant for human habitation, a safe haven, or in an emergency shelter continuously for at least 1 year or on at least 4 separate occasions in the last 3 years; and (iii) has an adult head of household (or a minor head of household if no adult is present in the household) with a diagnosable substance use disorder, serious mental illness, developmental disability (as defined in section 102 of the Developmental Disabilities Assistance and Bill of Rights Act of 2000 (42 U.S.C. 15002)), post traumatic stress disorder, cognitive impairments resulting from a brain injury, or chronic physical illness or disability, including the co-occurrence of 2 or more of those conditions. Additionally, the statutory definition includes as chronically homeless a person who currently lives or resides in an institutional care facility, including a jail, substance abuse or mental health treatment facility, hospital or other similar facility, and has resided there for fewer than 90 days if such person met the other criteria for homeless prior to entering that facility. (See 42 U.S.C. 11360(2)) This does not include doubled-up or overcrowding situations.

**Disabling Condition:** Evidencing a diagnosable substance use disorder, serious mental illness, developmental disability, chronic physical illness, or disability, including the co-occurrence of two or more of these conditions. In addition, a disabling condition may limit an individual's ability to work or perform one or more activities of daily living. An HIV/AIDS diagnosis is considered a disabling condition.

**Facility-Based Housing Assistance:** All eligible HOPWA Housing expenditures for or associated with supporting facilities including community residences, SRO dwellings, short-term facilities, project-based rental units, master leased units, and other housing facilities approved by HUD.

**Faith-Based Organization:** Religious organizations of three types: (1) congregations; (2) national networks, which include national denominations, their social service arms (for example, Catholic Charities, Lutheran Social Services), and networks of related organizations (such as YMCA and YWCA); and (3) freestanding religious organizations, which are incorporated separately from congregations and national networks.

**Grassroots Organization:** An organization headquartered in the local community where it provides services; has a social services budget of \$300,000 or less annually, and six or fewer full-time equivalent employees. Local affiliates of national organizations are not considered "grassroots."

**HOPWA Eligible Individual:** The one (1) low-income person with HIV/AIDS who qualifies a household for HOPWA assistance. This person may be considered "Head of Household." When the CAPER asks for information on eligible individuals, report on this individual person only. Where there is more than one person with HIV/AIDS in the household, the additional PWH/A(s), would be considered a beneficiary(s).

**HOPWA Housing Information Services:** Services dedicated to helping persons living with HIV/AIDS and their families to identify, locate, and acquire housing. This may also include fair housing counseling for eligible persons who may encounter discrimination based on race, color, religion, sex, age, national origin, familial status, or handicap/disability.

**HOPWA Housing Subsidy Assistance Total:** The unduplicated number of households receiving housing subsidies (TBRA, STRMU, Permanent

Housing Placement services and Master Leasing) and/or residing in units of facilities dedicated to persons living with HIV/AIDS and their families and supported with HOPWA funds during the operating year.

**Household:** A single individual or a family composed of two or more persons for which household incomes are used to determine eligibility and for calculation of the resident rent payment. The term is used for collecting data on changes in income, changes in access to services, receipt of housing information services, and outcomes on achieving housing stability. Live-In Aides (see definition for Live-In Aide) and non-beneficiaries (e.g. a shared housing arrangement with a roommate) who resided in the unit are not reported on in the CAPER.

**Housing Stability:** The degree to which the HOPWA project assisted beneficiaries to remain in stable housing during the operating year. See *Part 5: Determining Housing Stability Outcomes* for definitions of stable and unstable housing situations.

**In-kind Leveraged Resources:** These are additional types of support provided to assist HOPWA beneficiaries such as volunteer services, materials, use of equipment and building space. The actual value of the support can be the contribution of professional services, based on customary rates for this specialized support, or actual costs contributed from other leveraged resources. In determining a rate for the contribution of volunteer time and services, use the criteria described in 2 CFR 200. The value of any donated material, equipment, building, or lease should be based on the fair market value at time of donation. Related documentation can be from recent bills of sales, advertised prices, appraisals, or other information for comparable property similarly situated.

**Leveraged Funds:** The amount of funds expended during the operating year from non-HOPWA federal, state, local, and private sources by grantees or sponsors in dedicating assistance to this client population. Leveraged funds or other assistance are used directly in or in support of HOPWA program delivery.

**Live-In Aide:** A person who resides with the HOPWA Eligible Individual and who meets the following criteria: (1) is essential to the care and well-being of the person; (2) is not obligated for the support of the person; and (3) would not be living in the unit except to provide the necessary supportive services. See *24 CFR 5.403 and the HOPWA Grantee Oversight Resource Guide for additional reference.*

**Master Leasing:** Applies to a nonprofit or public agency that leases units of housing (scattered-sites or entire buildings) from a landlord, and subleases the units to homeless or low-income tenants. By assuming the tenancy burden, the agency facilitates housing of clients who may not be able to maintain a lease on their own due to poor credit, evictions, or lack of sufficient income.

**Operating Costs:** Applies to facility-based housing only, for facilities that are currently open. Operating costs can include day-to-day housing function and operation costs like utilities, maintenance, equipment, insurance, security, furnishings, supplies and salary for staff costs directly related to the housing project but not staff costs for delivering services.

**Outcome:** The degree to which the HOPWA assisted household has been enabled to establish or maintain a stable living environment in housing that is safe, decent, and sanitary, (per the regulations at 24 CFR 574.310(b)) and to reduce the risks of homelessness, and improve access to HIV treatment and other health care and support.

**Output:** The number of units of housing or households that receive HOPWA assistance during the operating year.

**Permanent Housing Placement:** A supportive housing service that helps establish the household in the housing unit, including but not limited to reasonable costs for security deposits not to exceed two months of rent costs.

**Program Income:** Gross income directly generated from the use of HOPWA funds, including repayments. See grant administration

requirements on program income at 24 CFR 200.307.

**Project-Based Rental Assistance (PBRA):** A rental subsidy program that is tied to specific facilities or units owned or controlled by a project sponsor. Assistance is tied directly to the properties and is not portable or transferable.

**Project Sponsor Organizations: Per HOPWA regulations at 24 CFR 574.3,** any nonprofit organization or governmental housing agency that receives funds under a contract with the grantee to provide eligible housing and other support services or administrative services as defined in 24 CFR 574.300. Project Sponsor organizations are required to provide performance data on households served and funds expended.

**SAM:** All organizations applying for a Federal award must have a valid registration active at [sam.gov](http://sam.gov). SAM (System for Award Management) registration includes maintaining current information and providing a valid DUNS number.

**Short-Term Rent, Mortgage, and Utility (STRMU) Assistance:** A time-limited, housing subsidy assistance designed to prevent homelessness and increase housing stability. Grantees may provide assistance for up to 21 weeks in any 52-week period. The amount of assistance varies per client depending on funds available, tenant need and program guidelines.

**Stewardship Units:** Units developed with HOPWA, where HOPWA funds were used for acquisition, new construction and rehabilitation that no longer receive operating subsidies from HOPWA. Report information for the units is subject to the three-year use agreement if rehabilitation is non-substantial and to the ten-year use agreement if rehabilitation is substantial.

**Tenant-Based Rental Assistance (TBRA):** TBRA is a rental subsidy program similar to the Housing Choice Voucher program that grantees can provide to help low-income households access affordable housing. The TBRA voucher is not tied to a specific unit, so tenants may move to a different unit without losing their assistance, subject to individual program rules. The subsidy amount is determined in part based on household income and rental costs associated with the tenant's lease.

**Transgender:** Transgender is defined as a person who identifies with, or presents as, a gender that is different from his/her gender at birth.

**Veteran:** A veteran is someone who has served on active duty in the Armed Forces of the United States. This does not include inactive military reserves or the National Guard unless the person was called up to active duty.

**5. Grantee Narrative and Performance Assessment**

**a. Grantee and Community Overview**

Provide a one to three page narrative summarizing major achievements and highlights that were proposed and completed during the program year. Include a brief description of the grant organization, area of service, the name(s) of the program contact(s), and an overview of the range/type of housing activities provided. This overview may be used for public information, including posting on HUD’s website. *Note: Text fields are expandable.*

Contra Costa County prioritizes HOPWA funds for site acquisition, rehabilitation, and new construction of affordable housing; supportive services; housing information services; rent and utility subsidies; and certain other housing related activities for low-income persons with HIV/AIDS in both unincorporated and incorporated areas of the County.

Alameda County HOPWA Program was able to assist 145 households with Housing Subsidy Assistance in the past FY. In addition, the HOPWA Program assisted 185 households with supportive services, ranging from case management and alcohol and substance abuse prevention to meal planning assistance and transportation vouchers to ensure that clients were able to travel back and forth to doctor appointments and other appointments to help them live independently and sustainably. Typically, these numbers are higher than the goal set, however, due to the COVID-19 Pandemic and SIP, Alameda County service providers were not able to serve the same number of clients for the last two quarters of the FY. The AIDS Housing and Information Project (AHIP) is available to clients Monday through Friday. AHIP is a referral line for people in the community to gain valuable information about available resources available to them. East Bay Innovations provides supportive services to seniors residing at 808 A Street in Hayward. They provide housing retention support and education resources to transition safely into designated HOPWA units, in addition to creating a comprehensive service plan for each resident to assist them remain independent and thrive in the community. Tri City Housing Services serves participants from all over Alameda County with case management and resources to assist with housing placement services for homeless persons residing in the County. APEB Aids Project East Bay provides comprehensive case management services and housing placement services to homeless and vulnerable persons living with HIV/AIDS in Alameda County. They host several outreach events per quarter in the efforts to bring resource identification and referrals to persons in the community who otherwise might not be able to receive this information.

**b. Annual Performance under the Action Plan**

Provide a narrative addressing each of the following four items:

**1. Outputs Reported.** Describe significant accomplishments or challenges in achieving the number of housing units supported and the number households assisted with HOPWA funds during this operating year compared to plans for this assistance, as approved in the Consolidated Plan/Action Plan. Describe how HOPWA funds were distributed during your operating year among different categories of housing and geographic areas to address needs throughout the grant service area, consistent with approved plans.

**Contra Costa County Supportive Housing – Development**

Resources for Community Development (RCD) is the developer of the Riviera Family Apartments project in Walnut Creek. The County Board of Supervisors approved an award of \$1,000,000 in HOPWA funds on July 12, 2016. RCD proposes to provide 58 units of multifamily rental housing affordable to and occupied by low income families. Eight studio units are designated as HOPWA assisted. Construction was completed in December 2018. Occupancy information is reported within this CAPER report.

RCD is the developer of the Saint Paul’s Commons project in Walnut Creek. The County Board of Supervisors approved an award of \$232,681 in HOPWA funds on March 20, 2018. RCD proposes to provide 45 units of multifamily rental housing available to and occupied by low income households. Two 1-bedroom units will be designated as HOPWA assisted. Construction was completed in June 2020. Occupancy information will be reported in the FY 20/21 CAPER.

RCD is the developer of the 1313 Galindo Apartments project in Concord. The County Board of Supervisors approved an award of \$200,000 in HOPWA funds on June 11, 2019. RCD proposes to construct 62 new affordable rental units available to and

occupied by low income households. The project includes 39 one-bedroom units, 19 two-bedroom units (including one manager's unit), and 4 three-bedroom units. One unit will be designated as HOPWA assisted. No Place Like Home funds were awarded by the state in 2020.

Community Housing Development Corporation of North Richmond (CHDC) and Eden Housing Inc. (Eden) are the developers of the Legacy Court project in Richmond. The County Board of Supervisors approved an award of \$844,665 in HOPWA funds on June 11, 2019. CHDC and Eden propose to construct 43 new affordable rental units including 21 one-bedroom units, 11 two-bedroom units (including one manager's unit), and 11 three-bedroom units. Five units will be designated as HOPWA assisted.

#### Contra Costa County HSD – Housing Advocacy

HSD HIV/AIDS program activities include housing advocacy and assistance services, including client intake, housing needs assessment, assistance with locating affordable housing, assistance with housing-related benefit applications, development and implementation of client housing plans, emergency assistance funds, follow-up to ensure receipt of benefits and housing, and referral to other services. In FY 2019/20, HSD continued to support a Short Term Rental Mortgage and Utility Assistance Program (STRMU) as part of a homeless prevention strategy, intended to reduce the risks of homelessness and to improve access to health care and other needed support. STRMU involved efforts to restore client self-sufficiency and future independence from housing support by the end of the program's term. This was accomplished through the use of time-limited housing assistance payments for eligible individuals and by the creation of individual housing service plans that include an assessment of current resources and the establishment of long-term goals for recipient households.

Due to the major delays in executing the FY18 HOPWA Contract, Alameda County experienced significant delays in approval and allocation of the FY19 HOPWA contract – this caused delays in spend down ratio. Combined with many top level management staffing changes within HCD; and the subsequent Pandemic and SIP, Alameda County is behind in spending for the FY19 HOPWA Contract. This slow rate of spend down will be caught up in FY20, and by the grant expiration, HCD projects the grant will be fully expended. Alameda County subrecipients were able to still assist clients during this time, which is why we have clients served, but no expenditures reported. Again, these expenditures will be caught up the first two quarters of the next FY.

Alameda County typically has an 80/20 split services to development for its HOPWA funding allocation; however, the last HOPWA RFP, which was released in November 2019, Alameda County received no proposals for HOPWA Development funding. Those funds were re-allocated to services and operations. Due to the difficult nature of housing development in Alameda County, (i.e. high costs of construction and high rents), it typically takes 2-5 years to get a project complete, and often many layers of funding must be used in each project, further making development difficult and the HOPWA funds often do not get spent quickly enough to meet the timeliness tests. The ever-increasing demand for affordable housing has created pressure on the managers of subsidized developments, most of whom have closed their waiting lists. In Alameda County, all of the buildings with HOPWA units have stopped accepting applications.

The scarcity of available housing is especially critical for those individuals who are between the ages of 45 and 54, who are too young to qualify for senior housing and are often burdened with multiple barriers to housing. (Individuals in this age group also constitute a large percentage of PLWHA in Alameda County). If an applicant succeeds in being added to a waiting list, he or she faces a wait that often exceeds two or three years. PLWHA who are interested in applying for units in newly constructed affordable housing must face a multi-step application process consisting of a pre-application, a lottery, and then a lengthy wait to submit an actual application. As housing prices continue to rise throughout Alameda County, many PLWHA are considering the possibility of moving to Contra Costa County. It is often easier to find open wait lists for affordable and subsidized units, including HOPWA units; however, PLWHA must carefully weigh the costs and benefits of leaving Alameda County. Many PLWHA find that they must choose between obtaining affordable housing and maintaining access to the medical care and the array of supportive services they need.

**Credit History, Rental History & Criminal Justice History:** Many AHIP clients are unable to qualify for federally-assisted housing because of negative credit histories, past unlawful detainer actions and court judgments, and/or a history that includes felony convictions and periods of incarceration. AHIP frequently assists clients whose sporadic rental history includes periods of homelessness, often due to crises triggered by mental health issues, physical illness or substance abuse. AHIP attempts to address these barriers through advocacy, client coaching, exercising care in providing appropriate referrals to housing, and writing mitigation letters designed to assure potential landlords that clients have stabilized and addressed the negative circumstances in their past. However, individuals who are registered sex offenders confront intractable problems in locating housing, and permanent housing for this group of PLWHA represents a significant unmet need.

**2. Outcomes Assessed.** Assess your program's success in enabling HOPWA beneficiaries to establish and/or better maintain a stable living environment in housing that is safe, decent, and sanitary, and improve access to care. Compare current year results to baseline results for clients. Describe how program activities/projects contributed to meeting stated goals. If program did not achieve expected targets, please describe how your program plans to address challenges in program implementation and the steps currently being taken to achieve goals in next operating year. If your program exceeded program targets, please describe strategies the program utilized and how those contributed to program successes.

In Contra Costa County, during the 4th Quarter, of 110 unduplicated clients served, 6 were referred for eviction prevention, with 6 remaining housed and 0 becoming homeless or having secured new housing as of this report. HAs have provided housing readiness education to all clients who applied for emergency housing assistance of any kind while assisting them with searching for new housing. Of total clients who were being assisted with housing search services during the quarter, 5 (8%) secured permanent housing during this time period. Housing Advocates also assisted clients with applications for Aspen Court in Pacheco, Berylessa Palms in Martinez, Alvarez Court Apartments in Pinole, The Idahos Apartments in El Cerrito, Lillie Mae Jones Apartments in Richmond, Eden Housing in Concord, Riley Court Apartments in Concord, Bella Monte Apartments in Bay Point, and Marina Bay Apartments in Pittsburg, all of which had openings during the time period. The Hope Solutions Director of Housing Programs continues to attend Coordinated Entry meetings within the Continuum of Care to determine whether additional clients can be assisted with housing placement through linkage with the new Coordinated Entry system.

In Alameda County, during the FY19/20 year 185 unduplicated clients were served, with the majority of them also receiving supportive services and case management services as well. Service agencies provided housing readiness education to all clients who applied for emergency housing assistance of any kind while assisting them with searching for new housing.

Since March 2020 Alameda County and most of its service provider staff has been working remotely due to the Shelter in Place orders imposed in connection with the COVID-19 pandemic. Almost all in-person client meetings and clinic site visits have been suspended until further notice, as have all outreach workshops, events and meetings. The AHIP Coordinator has occasionally met with clients, medical case managers and/or housing management staff in crisis situations, but most contacts are being handled by telephone or email. AHIP is continuing to provide referrals to housing and support services, and is now responding to vital needs related to COVID-19, such as requests for food delivery and inquiries about Safer Ground or Operation Comfort hotel rooms for literally homeless People Living with HIV (PLHIV) who must be quarantined because of exposure to the coronavirus, or who have been advised to self-isolate because of higher infection risk due to age and underlying medical conditions.

The staff at APEB were successful in assisting 9 HOPWA beneficiaries to maintain stable living environments during the fourth quarter. However, many clients struggled with bills due to the pandemic and needed housing assistance. The housing case manager was diligent in building relationships with property managers, forming partnerships with other entities which provide supportive services, and using a flexible approach to meeting with clients. At times (prior to COVID-19), appointments were conducted at a beneficiary's residence if they experienced transportation issues. Providing clients with services such as hygiene kits, access to our clothing program and food pantry, and transportation vouchers lessened their financial burden. During the contract year APEB faced challenges which impacted its ability to serve clients and track outcomes. During the past 4 months, due to the pandemic, the staff had to be creative and flexible in continuing to provide support services safely to clients. They started an online support group, run weekly through Zoom, that provides a space for clients to ask questions and interact. APEB also provided one on one counseling sessions and delivered food to clients while maintaining a safe distance. The current housing case manager has developed a filing and tracking system to improve our tracking and management to ensure better reporting moving forward.

**3. Coordination.** Report on program coordination with other mainstream housing and supportive services resources, including the use of committed leveraging from other public and private sources that helped to address needs for eligible persons identified in the Consolidated Plan/Strategic Plan.

Contra Costa County Housing Advocates maintained consistent contact with referring Medical Case Managers as well as with additional community providers assisting clients served by the program. They also consistently attended medical case rounds meetings to discuss issues faced by clients receiving HA services and to coordinate efforts with community providers. They also conducted outreach to prospective and existing landlords/owners/affordable housing sites on clients' behalf. A proposal for instituting monthly case conference meetings between Housing Advocates and Medical Case Managers has been discussed and may be implemented in the coming months.

To address the high costs of housing development, Alameda County finds it necessary to layer many sources of funding to complete each project. Additionally, Alameda County tries to match resources to increase the success of each project. For

example, Alameda County consistently endeavors to provide HOPWA service and/or operations support funding to projects that have also received HOPWA development funding. The high cost of rental housing combined with the current stress of the Pandemic has resulted in deepening widespread displacement of low-income people, seniors, people of color, and persons with disabilities, with the result that many PLWHA are living in overcrowded and unsafe conditions, overpaying for rent, or experiencing homelessness. AHIP is working with a large number of PLWHA with complex medical issues who are living in tent encampments. In addition, large numbers of clients are disclosing that they are staying with family members who live in subsidized housing, knowing that they are jeopardizing another family's housing in the process.

Alameda County is coordinating the COVID and CARES ACT funding to provide additional resources to PLWHA, like COVID-19 tests for currently homeless populations at risk of Coronavirus exposure, or of exposing others to the virus. Alameda County is currently several contracts for various hotel/motel, and transitional housing subsidy voucher programs, which will begin to provide services by September 2020.

**4. Technical Assistance.** Describe any program technical assistance needs and how they would benefit program beneficiaries.

Alameda County is currently negotiating with City Data Services to implement a reporting system that will allow reports, invoices and compliance documents to be submitted in an electronic format. This will hopefully increase efficiency and decrease processing time for project management duties.

Contra Costa does not have any technical assistance needs at this time.

**c. Barriers and Trends Overview**

Provide a narrative addressing items 1 through 3. Explain how barriers and trends affected your program's ability to achieve the objectives and outcomes discussed in the previous section.

1. Describe any barriers (including regulatory and non-regulatory) encountered in the administration or implementation of the HOPWA program, how they affected your program's ability to achieve the objectives and outcomes discussed, and, actions taken in response to barriers, and recommendations for program improvement. Provide an explanation for each barrier selected.

Contra Costa County experienced barriers which include lack of affordable housing, challenges in following up by clients who experience mental health and substance abuse issues, a significant level of poverty and other psychosocial issues.

For clients with mental health or substance abuse issues, criminal records or other barriers, there is a continuum of support services that are available to all HIV+ clients in Contra Costa County to help with the many issues that clients are confronted with. This continuum of support services include the following:

- Mental Health Services-for mental health barriers
- Substance Abuse Services-for issues related to substance use
- Legal Advocacy Services-assist with eviction issues, criminal records, etc.
- Food Services
- Food and Transportation Vouchers
- Van Transportation to appointments
- Health Education and Risk Reduction Services
- Support Groups
- Partner Notification Services
- Outreach Coordination
- Case Management Services
- Dental Services
- Ambulatory Care

Alameda County had major disruption to many programs and services throughout the County due to the COVID-19 pandemic. However, Alameda County was able to quickly reorganize and so that staff was able to work remotely and thereby was able to avoid any major disruption to operations and services provided within our HOPWA program.

2. Describe any trends in the community that may affect the way in which the needs of persons living with HIV/AIDS are being addressed, and provide any other information important to the future provision of services to this population.

Broad Demographic Trends: As of December 31st, 2014, 2,075 people residing in Contra Costa County had a confirmed HIV or AIDS diagnosis. Of these, 104 were diagnosed in 2014. Forty-nine percent of PLWHA were 50 or older, meaning that many experienced physical and mental health comorbidities associated with aging. There is a disproportionate burden of the epidemic in West Contra Costa County where 33 percent of residents had an income less than 200 percent of the federal poverty level and the unemployment rate was estimated to be 8.2 percent.

3. Identify any evaluations, studies, or other assessments of the HOPWA program that are available to the public.

## PART 2: Sources of Leveraging and Program Income

### 1. Sources of Leveraging

Report the source(s) of cash or in-kind leveraged federal, state, local or private resources identified in the Consolidated or Annual Plan and used in the delivery of the HOPWA program and the amount of leveraged dollars. In Column [1], identify the type of leveraging. Some common sources of leveraged funds have been provided as a reference point. You may add Rows as necessary to report all sources of leveraged funds. Include Resident Rent payments paid by clients directly to private landlords. Do NOT include rents paid directly to a HOPWA program as this will be reported in the next section. In Column [2] report the amount of leveraged funds expended during the operating year. Use Column [3] to provide some detail about the type of leveraged contribution (e.g., case management services or clothing donations). In Column [4], check the appropriate box to indicate whether the leveraged contribution was a housing subsidy assistance or another form of support.

**Note:** Be sure to report on the number of households supported with these leveraged funds in Part 3, Chart 1, Column d.

## 2. Program Income and Resident Rent Payments

In Section 2, Chart A, report the total amount of program income and resident rent payments directly generated from the use of HOPWA funds, including repayments. Include resident rent payments collected or paid directly to the HOPWA program. Do NOT include payments made directly from a client household to a private landlord.

*Note: Please see report directions section for definition of program income. (Additional information on program income is available in the HOPWA Grantee Oversight Resource Guide).*

### A. Total Amount Program Income and Resident Rent Payment Collected During the Operating Year

3.	<b>Total Program Income and Resident Rent Payments (Sum of Rows 1 and 2)</b>	15,272.80

### B. Program Income and Resident Rent Payments Expended To Assist HOPWA Households

In Chart B, report on the total program income and resident rent payments (as reported above in Chart A) expended during the operating year. Use Row 1 to report Program Income and Resident Rent Payments expended on Housing Subsidy Assistance Programs (i.e., TBRA, STRMU, PHP, Master Leased Units, and Facility-Based Housing). Use Row 2 to report on the Program Income and Resident Rent Payment expended on Supportive Services and other non-direct Housing Costs.

**PART 3: Accomplishment Data Planned Goal and Actual Outputs**

In Chart 1, enter performance information (goals and actual outputs) for all activities undertaken during the operating year supported with HOPWA funds. Performance is measured by the number of households and units of housing that were supported with HOPWA or other federal, state, local, or private funds for the purposes of providing housing assistance and support to persons living with HIV/AIDS and their families.

### 3. Short-Term Rent, Mortgage and Utility Assistance (STRMU) Summary

In Row a, enter the total number of households served and the amount of HOPWA funds expended on Short-Term Rent, Mortgage and Utility (STRMU) Assistance. In Row b, enter the total number of STRMU-assisted households that received assistance with mortgage costs only (no utility costs) and the amount expended assisting these households. In Row c, enter the total number of STRMU-assisted households that received assistance with both mortgage and utility costs and the amount expended assisting these households. In Row d, enter the total number of STRMU-assisted households that received assistance with rental costs only (no utility costs) and the amount expended assisting these households. In Row e, enter the total number of STRMU-assisted households that received assistance with both rental and utility costs and the amount expended assisting these households. In Row f, enter the total number of STRMU-assisted households that received assistance with utility costs only (not including rent or mortgage costs) and the amount expended assisting these households. In row g, report the amount of STRMU funds expended to support direct program costs such as program operation staff.

**Data Check:** The total households reported as served with STRMU in Row a, column [1] and the total amount of HOPWA funds reported as expended in Row a, column [2] equals the household and expenditure total reported for STRMU in Part 3, Chart 1, Row 4, Columns b and f, respectively.

**Data Check:** The total number of households reported in Column [1], Rows b, c, d, e, and f equal the total number of STRMU households reported in Column [1], Row a. The total amount reported as expended in Column [2], Rows b, c, d, e, f, and g, equal the total amount of STRMU expenditures reported in Column [2], Row a.

**Part 4: Summary of Performance Outcomes**

In Column [1], report the total number of eligible households that received HOPWA housing subsidy assistance, by type. In Column [2], enter the number of households that continued to access each type of housing subsidy assistance into next operating year. In Column [3], report the housing status of all households that exited the program.

**Data Check:** The sum of Columns [2] (Number of Households Continuing) and [3] (Exited Households) equals the total reported in Column[1].

**Note:** Refer to the housing stability codes that appear in Part 5: Worksheet - Determining Housing Stability Outcomes.

**Section 2. Prevention of Homelessness: Assessment of Client Outcomes on Reduced Risks of Homelessness (Short-Term Housing Subsidy Assistance)**

Report the total number of households that received STRMU assistance in Column [1].

In Column [2], identify the outcomes of the households reported in Column [1] either at the time that they were known to have left the STRMU program or through the project sponsor’s best assessment for stability at the end of the operating year.

Information in Column [3] provides a description of housing outcomes; therefore, data is not required.

At the bottom of the chart:

- In Row 1a, report those households that received STRMU assistance during the operating year of this report, and the prior operating year.
- In Row 1b, report those households that received STRMU assistance during the operating year of this report, and the two prior operating years.

**Data Check:** The total households reported as served with STRMU in Column [1] equals the total reported in Part 3, Chart 1, Row 4, Column b.

**Data Check:** The sum of Column [2] should equal the number of households reported in Column [1].

### Section 3. HOPWA Outcomes on Access to Care and Support

#### 1a. Total Number of Households

Line [1]: For project sponsors that provided HOPWA housing subsidy assistance during the operating year identify in the appropriate row the number of households that received HOPWA housing subsidy assistance (TBRA, STRMU, Facility-Based, PHP and Master Leasing) and HOPWA funded case management services. Use Row c to adjust for duplication among the service categories and Row d to provide an unduplicated household total.

Line [2]: For project sponsors that did NOT provide HOPWA housing subsidy assistance identify in the appropriate row the number of households that received HOPWA funded case management services.

**Note:** These numbers will help you to determine which clients to report Access to Care and Support Outcomes for and will be used by HUD as a basis for analyzing the percentage of households who demonstrated or maintained connections to care and support as identified in Chart 1b below.

Total Number of Households	
1. For Project Sponsors that provided HOPWA Housing Subsidy Assistance: Identify the total number of households that received the following HOPWA-funded services:	
a. Housing Subsidy Assistance (duplicated)-TBRA, STRMU, PHP, Facility-Based Housing, and Master Leasing	153
b. Case Management	116
c. Adjustment for duplication (subtraction)	109
d. Total Households Served by Project Sponsors with Housing Subsidy Assistance (Sum of Rows a and b minus Row c)	160
2. For Project Sponsors did NOT provide HOPWA Housing Subsidy Assistance: Identify the total number of households that received the following HOPWA-funded service:	
a. HOPWA Case Management	320
b. Total Households Served by Project Sponsors without Housing Subsidy Assistance	320

#### 1b. Status of Households Accessing Care and Support

Column [1]: Of the households identified as receiving services from project sponsors that provided HOPWA housing subsidy assistance as identified in Chart 1a, Row 1d above, report the number of households that demonstrated access or maintained connections to care and support within the operating year.

Column [2]: Of the households identified as receiving services from project sponsors that did NOT provide HOPWA housing subsidy assistance as reported in Chart 1a, Row 2b, report the number of households that demonstrated improved access or maintained connections to care and support within the operating year.

**Note:** For information on types and sources of income and medical insurance/assistance, refer to Charts below.

**1c. Households that Obtained Employment**

Column [1]: Of the households identified as receiving services from project sponsors that provided HOPWA housing subsidy assistance as identified in Chart 1a, Row 1d above, report on the number of households that include persons who obtained an income-producing job during the operating year that resulted from HOPWA-funded Job training, employment assistance, education or related case management/counseling services.

Column [2]: Of the households identified as receiving services from project sponsors that did NOT provide HOPWA housing subsidy assistance as reported in Chart 1a, Row 2b, report on the number of households that include persons who obtained an income-producing job during the operating year that resulted from HOPWA-funded Job training, employment assistance, education or case management/counseling services.

*Note: This includes jobs created by this project sponsor or obtained outside this agency.*

*Note: Do not include jobs that resulted from leveraged job training, employment assistance, education or case management/counseling services.*

**Background on HOPWA Housing Stability Codes**

**Stable Permanent Housing/Ongoing Participation**

3 = Private Housing in the private rental or home ownership market (without known subsidy, including permanent placement with families or other self-sufficient arrangements) with reasonable expectation that additional support is not needed.

4 = Other HOPWA-funded housing subsidy assistance (not STRMU), e.g. TBRA or Facility-Based Assistance.

5 = Other subsidized house or apartment (non-HOPWA sources, e.g., Section 8, HOME, public housing).

6 = Institutional setting with greater support and continued residence expected (e.g., residential or long-term care facility).

**Temporary Housing**

2 = Temporary housing - moved in with family/friends or other short-term arrangement, such as Ryan White subsidy, transitional housing for homeless, or temporary placement in institution (e.g., hospital, psychiatric hospital or other psychiatric facility, substance abuse treatment facility or detox center).

**Unstable Arrangements**

1 = Emergency shelter or no housing destination such as places not meant for habitation (e.g., a vehicle, an abandoned building, bus/train/subway station, or anywhere outside).

7 = Jail /prison.

8 = Disconnected or disappeared from project support, unknown destination or no assessments of housing needs were undertaken.

**Life Event**

9 = Death, i.e., remained in housing until death. This characteristic is not factored into the housing stability equation.

**Tenant-based Rental Assistance:** Stable Housing is the sum of the number of households that (i) remain in the housing and (ii) those that left the assistance as reported under: 3, 4, 5, and 6. Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item: 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

**Permanent Facility-Based Housing Assistance:** Stable Housing is the sum of the number of households that (i) remain in the housing and (ii) those that left the assistance as shown as items: 3, 4, 5, and 6. Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

**Transitional/Short-Term Facility-Based Housing Assistance:** Stable Housing is the sum of the number of households that (i) continue in the residences (ii) those that left the assistance as shown as items: 3, 4, 5, and 6. Other Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

**Tenure Assessment.** A baseline of households in transitional/short-term facilities for assessment purposes, indicate the number of households whose tenure exceeded 24 months.

**STRMU Assistance:** Stable Housing is the sum of the number of households that accessed assistance for some portion of the permitted 21-week period and there is reasonable expectation that additional support is not needed in order to maintain permanent housing living situation (as this is a time-limited form of housing support) as reported under housing status: Maintain Private Housing with subsidy; Other Private with Subsidy; Other HOPWA support; Other Housing Subsidy; and Institution. Temporarily Stable, with Reduced Risk of Homelessness is the sum of the number of households that accessed assistance for some portion of the permitted 21-week period or left their current housing arrangement for a transitional facility or other temporary/non-permanent housing arrangement and there is reasonable expectation additional support will be needed to maintain housing arrangements in the next year, as reported under housing status: Likely to maintain current housing arrangements, with additional STRMU assistance; Transitional Facilities/Short-term; and Temporary/Non-Permanent Housing arrangements. Unstable Situation is the sum of number of households reported under housing status: Emergency Shelter; Jail/Prison; and Disconnected.

**End of PART 5**

**PART 6: Annual Report of Continued Usage for HOPWA Facility-Based Stewardship Units (ONLY)**

The Annual Report of Continued Usage for HOPWA Facility-Based Stewardship Units is to be used in place of Part 7B of the CAPER if the facility was originally acquired, rehabilitated or constructed/developed in part with HOPWA funds but no HOPWA funds were expended during the operating year. Scattered site units may be grouped together on one page.

Grantees that used HOPWA funding for new construction, acquisition, or substantial rehabilitation are required to operate their facilities for HOPWA eligible individuals for at least ten (10) years. If non-substantial rehabilitation funds were used, they are required to operate for at least three (3) years. Stewardship begins once the facility is put into operation.

*Note: See definition of Stewardship Units.*
